## BUS ACCIDENT HERE TO RESULT IN NEW SAFETY REGULATION

Officials Plan New Rules to  
Make Motor Travel Safer on  
B.C. Highways

Bus Operators Ordered to  
Post Bonds and Secure Per-  
mits or Face Prosecution

The recent accident to a pas-  
senger bus, which got out of  
control on the Malahat Highway  
and crashed into an embank-  
ment, will result in new regu-  
lations designed to make motor  
travel safe for the public, it was  
indicated at the Public Works  
Department today.

Officials of the Department have  
under consideration new amend-  
ments to the Highway Act, broad-  
ening the regulations issued under  
that statute some time ago and  
forcing motor bus operators to have  
the brakes of their vehicles inspected  
regularly.

### NEW LAW PROPOSED

It is planned to incorporate these  
new regulations in legislation to be  
brought before the Provincial Legis-  
lature at its next session. Officials  
assert that only a small number of  
the passenger buses operating in  
the Province require the proposed  
regulations as most bus operators  
are careful to see that their vehicles  
are in good condition at all times. It  
is felt, however, that the public should  
be protected in the case of the few  
buses the brakes of which are not  
sufficiently strong to hold them on  
hills.

At present there is no law on the  
provincial statute books under  
which the inspection of bus brakes  
can be enforced, it was explained.

### ACTION DEMANDED

In notices to be published in the  
next issue of The B.C. Gazette, the  
Public Works Department will order  
operators of motor buses to have  
the Province to secure operating  
permits immediately. Many oper-  
ators have failed so far to comply  
with the new highway regulations,  
which put buses on definite sched-  
ules. It is stated that the Depart-  
ment in addition, all operators must post  
with the Department a substantial  
bond to cover damages which may  
be caused to passengers in case of  
accident.

Operators will be given only two  
weeks more to comply with the new  
regulations, after that time the  
Department will prosecute all companies  
which are still delinquent.

## NO GANG ORDERS IN LOS ANGELES

Shootings Believed Beginning  
of Bootleggers' War in  
That Region

Los Angeles, Aug. 4.—Two men  
were murdered here early today in  
what police believe to be the out-  
break of a bootleggers' war. One was  
shot outright and the other died two  
hours after the shooting. The vic-  
tims were identified by police as  
D. Munson and Harry Moran.

The shootings were at a  
fashionable residential hotel a few  
blocks from the business district.  
Munson and Moran were engaged in  
a conversation. About twenty guests  
were in the lobby at the time. Three  
men, as yet unidentified, appeared in  
the entrance and Moran, apparently  
smoking trouble, darted through the  
door of a cafe leading from the lobby  
and ran into the street.

### BODY TAKEN AWAY

A gunman, evidently posted outside  
in anticipation of such a movement,  
shot him down as he ran across the  
sidewalk. The others proceeded into  
the hotel and one of them fired at  
Munson, who was still seated. The  
slayer emptied his gun, several shots  
lodging in Munson's body and the  
others entering the wall. Munson's  
body was picked up by the gangsters,  
who forced their way through hotel  
attaches and guests, and ran in an  
automobile and sped away.

The car, still containing the body,  
was found a short time later several  
blocks from the hotel.

## FRENCH MINISTRY PLANS GREAT LOAN

Flotation Probably Will be  
Made in September; to  
Stabilize Franc

Paris, Aug. 4.—Premier Poincare  
announced to the finance committee  
of the Chamber of Deputies today  
that as soon as the situation would  
permit, probably at the end of Sep-  
tember, the Government would  
launch a great internal loan with the  
object of consolidating the internal  
debt and stabilizing the franc.

### FRANC GAINS

The franc showed steadily increas-  
ing strength in the day's trading  
here. Opening at 36.71 to the dollar  
and 175.5 to the pound sterling, it  
had risen by the time the Bourse  
closed to 36.07 to the dollar and  
169.5 to the pound sterling.

## WEST AUSTRALIA SECESSION MOVE

Perth, Australia, Aug. 4.—(Can-  
adian Press cable via Reuters)—  
A secession league has been  
formed here to assist the move-  
ment for the secession of Western  
Australia from the Common-  
wealth.

## NEW YORK REPORTER'S STORY WAS CAUSE OF A STOCK MARKET CHANGE OF ABOUT \$70,000,000

### REGISTRATION OF VOTERS ARRANGED

Returning Officer to Open Of-  
fices Next Week For Com-  
pleting Federal Lists

Arrangements for the com-  
pilation of the voters' list to be  
used here in the federal election  
of September 14 were announced  
today by John Clay, Victoria,  
returning officer. Registration  
of voters will commence on Mon-  
day and continue all week be-  
tween the hours of 9 a.m. and 1  
p.m. and from 2 p.m. to 9 p.m.,  
Mr. Clay stated.

The following places of registra-  
tion have been arranged for the  
various wards in the city:  
Ward 1, 555 Johnson Street.  
Ward 2, 1702 Douglas Street.  
Ward 3, 731 View Street.  
Ward 4, 721 Fort Street.  
Ward 5, Corner of Menzies' and  
Michigan Streets.

All persons who are on the pro-  
vincial voters' list are automatically  
placed on the federal list. Those  
who are not on the provincial list  
will have the right to vote in the  
federal poll by registering next  
week.

## ATTEMPT TO KIDNAP CHILDREN FAILS

Fight in Peterboro, Ont., Ends  
in Three Persons Being  
Taken to Police Station

Peterboro, Ont., Aug. 4.—Mrs.  
Charles Henry and two people who  
were with her were taken to the  
police station here today after a  
disturbance had taken place in a  
house at the home of Charles Kelly,  
in which, it is alleged, Mrs. Henry,  
two assistants, attempted to kidnap  
two children from the lawn.

It is stated the party arrived in  
a Buffalo taxi. It is alleged an un-  
known young man had accompanied  
Mrs. Henry, and had already placed  
a little girl in the automobile, when  
someone raised an outcry.  
Several women neighbors attacked  
Mrs. Henry. Half a dozen fighting  
women, however, were seen from  
the house, and Mrs. Henry, who was  
the young man, bringing him down  
and holding him until help arrived.  
At the same time a girl seized the  
other two children and took them  
indoors. Police arrived and took the  
party to the police station.

## HEAT IN EASTERN U.S. KILLS FIVE

Tropical Wave Sweeps At-  
lantic Seaboard; Numerous  
Prostrations Reported

New York, Aug. 4.—A tropical heat  
wave was sweeping the North At-  
lantic seaboard today, the heat and  
humidity having taken a toll of five  
lives in New York and New England  
during the past twenty-four hours.  
There were numerous prostrations.  
The mercury climbed to 94 in Bos-  
ton and 92 in New York and propor-  
tionate temperatures were recorded  
elsewhere. The humidity reached  
100, the saturation point.

## WOMEN FIGHT FIRE IN TOWN

Tacoma, Aug. 4.—Women of the  
town of Ashford, fifty-one miles up  
the mountain road and but a short  
distance from the entrance to Rai-  
nier National Park, this afternoon  
fought to save the town from de-  
struction by a fire which started  
before 1 o'clock this afternoon  
in a garage, burned that building  
and a confectionery store adjoining,  
jumped to the dance hall, threatened  
the school house, gymnasium and  
other buildings on the same side of  
the street. It was said it might jump  
to the opposite side, where are other  
store buildings.  
The men of the town are fighting a  
forest fire which has been ranging in  
this area for some days.

## Alan Cobham at Island of Timor

Koepong, Island of Timor, Dutch  
East Indies, Aug. 4.—Alan Cobham,  
British aviator flying from London  
to Australia and return, arrived here  
today from Bima. He expects to  
reach Port Darwin, in the Northern  
Territory of Australia, 120 miles  
southwest of here, to-morrow.

## INTERIOR VALLEY IS INFERNO OF FLAMES

Forest Fires Sweep Twenty-  
Five-Mile Stretch of Country  
South of Nelson

Towns Saved But Rangers  
Despair of Controlling Out-  
breaks For Days

Forest fire conditions in the  
interior of British Columbia  
reached an acute stage in the  
last twenty-four hours, while on  
the coast the situation was re-  
ported at forestry service head-  
quarters as easy. A few small  
fires have broken out in coast  
districts in the last few days but  
all have been extinguished or  
brought under control, forestry  
officials stated.

The country south of Nelson was  
an inferno of flames to-day as for-  
est fires raged on through the Sal-  
mon River Valley, out of control.  
Emir and Salmo, towns in the valley  
around which walls of flame were re-  
ported yesterday, were out of danger  
to-day, rangers reported. The fire  
has spread through the valley cov-  
ering an area twenty-five miles long.

### SAVING SETTLEMENTS

Crews of fire fighters are battling  
now to prevent damage to settle-  
ments but they do not hope to bring  
the conflagration under control for  
some days. Only wet weather can  
afford any substantial relief in the  
Kootenay situation, it is believed, and  
at the moment the weather is hot and  
dry and high winds have prevailed  
since the week-end.

## PRaised Management

New York, Aug. 4.—Thomas Coch-  
ran, a partner of J. P. Morgan &  
Company, bound for Europe on the  
liner Olympic, to-day radioed to the  
Morgan firm a repudiation of the al-  
leged interview in which he was  
quoted as predicting an advance of  
100 points in General Motors stocks.

In response to inquiries made of  
me by a ship news reporter upon my  
returning from New York on a holiday,  
Mr. Cochran said: "I spoke with  
enthusiasm of the earnings, man-  
agement and prospects of the General  
Motors Corporation."

I authorized no statement of any  
kind as to the future price of the  
stock, which obviously no one can  
foretell."

## GOVERNMENT SUE

St. Paul, Aug. 4.—Suit for the re-  
turn for a tax of \$3,414,577.04 paid to  
the Government on the estate of Mrs.  
Mary T. Hill, widow of James J.  
Hill, has been filed in federal court  
here against the collector of internal  
revenue for Minnesota.

The complaint alleges the money  
was collected illegally by the Gov-  
ernment.

## BAIL REFUSED IN ALCOHOL CASES

Sixteen Persons Charged Fol-  
lowing Deaths Are Held in  
Ontario

Toronto, Aug. 4.—With bonds as  
high as \$50,000 offered as bail for  
some of the sixteen under arrest in  
Ontario in connection with the re-  
cent deaths by alcoholic poisoning,  
the Attorney-General's department is  
adamant in its refusal to allow bail to  
any of those concerned.

Mrs. Fannie Shulman, Max Wurts-  
man and Hector Goldstein, the three  
Toronto people charged with man-  
slaughter in connection with four  
local deaths from the poison liquor,  
Hello, Daddy, were remanded until August 12.

## WOMAN KILLED HER SON AND HERSELF

New York, Aug. 4.—A mother's  
"epilepsy" murder of her three-year-old  
son, followed by her own suicide, has  
climaxed a year of marital litigation  
here between the mother and her  
husband.  
The tragedy was discovered yester-  
day by three small children on  
their way across a vacant lot on  
195th Street. The children discov-  
ered the body of Mrs. Joseph Mil-  
lman with a bullet hole in the tem-  
ple and beside it that of her son  
Martin, with a similar hole in the  
head. The widower and father, in a  
state of collapse, identified the bodies  
later.  
Just before noon, police learned,  
Mrs. Millman had telephoned her  
husband from a drugstore in the  
Bronx.  
"The only way I can spite you is  
to kill the child," she told him. Then  
she lifted Martin to the instrument.  
"Hello, Daddy," said Martin.  
"Don't say Hello, Daddy," his  
mother interrupted. "Say good-bye."  
The receiver clicked. Millman ran  
to the receiver, but the wire was  
cut off.  
Millman told the police he had  
married in 1922, but his wife had  
left him in 1925 and started an action  
for separation, asking custody of the  
child. Eight months later Millman  
sued for divorce, but the jury de-  
cided in his wife's favor. More lit-  
igation followed and recently the wife  
had brought a new action, which was  
still pending, asking increased al-  
imony.

## HONORED IN LONDON; LORD WILLINGDON

At a banquet given in London last  
night, by the Overseas Educational  
League, Viscount Willingdon, who  
will succeed Baron Byng as Gov-  
ernor-General of Canada, was guest  
of honor. Above is a picture of Lord  
Willingdon which has just come to  
Canada from London.

## ELECTION OFFICIALS ARE SENT TO JAIL

Four in Chicago District Sen-  
tenced; 151 Persons Under  
Indictment

Chicago, Aug. 4.—County Judge  
Jarecki to-day sentenced four pre-  
cinct judges and clerks of election  
to jail for six months for contempt  
of court. The contempt conviction  
was founded on false returns cer-  
tified by the election officers at the  
April primary election.

Already 151 persons, chiefly pre-  
cinct judges and clerks, have been  
indicted by the special grand jury  
as a result of fraud at the primaries  
in Cook County.

## NO INDICATION OF MEXICAN AGREEMENT

State and Church Differences  
Have Reached Stage of  
Marking Time

Mexico City, Aug. 4.—The acute  
situation growing out of the putting  
into effect by the Government of  
Mexico of its new religious regu-  
lations seems to have reached the stage  
of marking time. There seems to be  
a falling off in the feeling there are  
prospects of any immediate settle-  
ment of the controversy.

The general impression is that it  
is most improbable there will be  
widespread violence or armed rebel-  
lion.

## BOY AT PLAY WAS BADLY BURNED

Redding, Cal., Aug. 4.—Bert Scott,  
ten, tried to imitate a fire diver who  
recently had been exhibiting at a  
carnival here. Scott climbed with  
some other boys to the top of a high  
bridge over a stream here. His com-  
panions tied papers over his clothes  
and after fastening them with gas-  
tine, set them afire.

The boy had intended to dive into  
the water immediately, but he hesi-  
tated. He was badly burned, but  
will live.

He was saved from death by  
another boy who pushed him into the  
water.

## Sports Extra on Sale 7 o'clock To-night

The Times Sports Extra,  
containing latest sport news  
right up to the time of going  
to press, will be on sale to-  
night at 7 o'clock. As usual  
it will contain the official  
form chart of the Colwood  
races, overnight entries and  
cabled and telegraphic dis-  
patches of world sport.

## Planes Are To Be Dropped By Means Of Parachutes

San Diego, Cal., Aug. 4.—San Diego will be given a new aviation thrill  
about August 15, when preliminary tests of dropping an aeroplane to earth  
with the aid of a parachute will be conducted under the supervision of  
Lieut. Bernard Donnelly and H. D. Doucet, chief machinist's mate of the  
aerial squadron of the United States Navy. The parachute, the invention of Doucet, first will be tested at a high  
altitude over the bay, when it will be attached to a 1,000-pound weight  
which will be dropped from a torpedo plane.

## TWO CARS PLUNGE DOWN EMBANKMENT

Man and Woman Injured in  
Accident in City of Auburn,  
Maine, To-day

Six Cars Leave Rails, But  
Remain Erect; Roadbed  
Torn up For 400 Yards

Auburn, Maine, Aug. 4.—The Bar  
Harbor Express, bound from Wash-  
ington and New York, parted on a  
bridge structure in the business dis-  
trict of this city this morning and  
two cars plunged down a sixty-foot  
embankment, six left the rails but  
stayed erect, and the engine and an  
express car remained on the track.

A woman passenger and a mail  
clerk in the mail car, which with a  
baggage car went down the steep  
embankment were the only persons  
badly injured.

The accident occurred on the  
tracks of the Maine Central Railroad  
at a point scarcely 100 feet from the  
long bridge over the Androscoggin  
River connecting this city with Lew-  
iston.

The roadbed was torn up for 400  
yards and the cars, including four  
sleepers and two day coaches, were  
damaged extensively. Injuries to  
passengers were confined to minor  
bruises, it was reported.

## BRITISH M.P.'S TAKE RECESS

London, Aug. 4.—Parliament ad-  
journed to-day until November 2, un-  
less a continuation of the coal strike  
compels an earlier meeting.

An effort by the Laborites to have  
the House reconvened August 17  
because of the coal situation was  
voted down.

## NEW GOLD RUSH IS SEEN IN ONTARIO

Discovery Near Border of  
Manitoba Described as  
Most Promising

Toronto, Aug. 4.—A spectacular  
discovery in the vicinity of Narrows  
Lake, Ontario, some thirty miles  
north of Red Lake, in the district of Patricia, is reported by  
Jack Lindsay, who has just come out  
from that district showing samples  
of free gold, which are stated to in-  
dicate the find as among the most  
important discoveries made in recent  
years. The discovery was stated by  
Tom Harkness of Ontario.

The news of the discovery has been  
followed by a rush of men from Hud-  
son and Red Lake during the last  
few days.

## New Strike Prison Medals in Britain

London, Aug. 4.—Men and women  
sent to prison for offences com-  
mitted in defiance of emergency regu-  
lations imposed during the general  
strike in Great Britain in May will  
be presented with a "class war"  
medal, which has been struck for  
prisoners of the International Class War  
Prisoners' Aid.

## QUEBEC AVIATORS HAD SIX-DAY FAST

Men Surveying Ungava Suf-  
fered in Wilderness After  
Hydroaeroplane Crashed

Quebec, Aug. 4.—A hydro-aeroplane  
crash in one of the waterways of un-  
charted Ungava, 4,000 miles from  
Quebec, has resulted in a six-day  
fast in the wilderness before being  
rescued by their companions.  
The expedition was an expedition sent  
to survey the great unknown Ungava  
Territory for the Government of  
Quebec.

Three hydro-aeroplanes were  
cruising 250 miles off the coast, when  
one experienced engine trouble. It  
signalled the other two machines and  
started to descend toward a stretch  
of water. The plane crashed into the  
water and was badly wrecked, the  
airmen having great difficulty in  
freeing themselves from the wreck-  
age. All reached shore without food  
and at the mercy of the elements.

They were sighted by one of the  
other planes after being missing for  
six days and were taken back to the  
base, where first aid was adminis-  
tered.

## POISON IN WELL LEADS TO CHARGE

Rockland, Ont., Aug. 4.—Caliste  
and Omer Ethier, bachelor brothers  
who operate a small potato farm in  
this district, must stand trial on a  
charge of attempting to murder Ed-  
mund Ethier, another brother, and  
his family, by placing Paris green in  
a water well on Edmund's farm.  
Magistrate William Joynt, at a pre-  
liminary hearing here yesterday,  
committed the men for trial at the  
Fall Assizes.

Edmund and the members of his  
family have fully recovered from the  
effects of the poison.

## LIBERAL CHIEF IS WELCOMED IN REGINA TO-DAY

Mackenzie King Will Address Federal Election Meet-  
ing in That Prairie City To-night; Premier Gardiner  
of Saskatchewan and Hon. Charles Dunning, Former  
Federal Minister of Railways, Will Speak.

Regina, Aug. 4.—Regina to-day welcomed Rt. Hon. Mackenzie  
King, now engaged in a coast-to-coast Federal general election  
campaign tour. The Liberal leader, who arrived this morning  
from Winnipeg, will address a mass-meeting here to-night, at  
which he is expected to have no less an enthusiastic reception than  
he had at the great gathering in the Manitoba capital last night.  
It will be the first occasion the people of the prairies west of Win-  
nipeg have had to indicate in numbers their growing support of  
Liberal principles and the progressive legislation placed on the  
statute books during the recent session of Parliament by the party  
Mr. King leads.

On the platform with Mr. King to-  
night will be Hon. Charles Dunning,  
former Minister of Railways, and  
Hon. J. G. Gardiner, Premier of  
Saskatchewan.

After the Regina meeting Mr. King  
will leave Prince Albert for the con-  
tinuation of his tour in the last  
Parliament and in which he is again  
the Liberal candidate. His two-day  
visit to that district will be taken up  
with hasty motor trips through the  
communities of Shellbrook, Wakaw,  
Marcelin and Rosthern.

STEVENS TO B.C.  
Ottawa, Aug. 4.—(Canadian Press)—  
Hon. H. H. Stevens, Minister of Cum-  
toms, left for his home in Vancouver  
this morning. He was sufficiently re-  
covered from the illness which over-  
took him at the end of the session to  
spend a week in his department  
before he left. One of the matters  
he dealt with was the proposed pro-  
secution of the Dominion Distillers for  
recovery money out of which that firm  
is said to have defrauded the Customs  
and Excise Department.

\$2,000,000 INVOLVED  
Montreal, Aug. 4.—R. L. Calder,  
K.C., who acted as counsel through-  
out the customs inquiry and who is  
now preparing the brief for the in-  
vestigation of the cause of the Gov-  
ernment steamer Margaret, con-  
firmed to-day that he had taken ac-  
tion against the Dominion Distillers.  
The writ was issued in the  
superior court here. Further, that  
this he would not discuss the case for  
the present or say anything about  
whether or not the firm mentioned in the customs  
report.

It was learned, however, that in-  
structions had been issued to Mr.  
Calder to launch action against the  
firm, which is in default and the writs  
will not be long delayed. A sum in  
the neighborhood of \$2,000,000 is in-  
volved.

(Continued on page 2)

## PRAIRIE HARVEST TREK UNDERWAY

Low Fares For Harvesters In-  
augurated by Railways To-  
day; Grain Ripens Early

Prairie grain having ripened  
much earlier than farmers had  
anticipated, low railway rates for  
B.C. harvesters moving to the  
prairie provinces were put  
into effect by Canadian railways  
to-day. By to-morrow, it is ex-  
pected, the annual movement of  
B.C. men to the grain fields will  
be well under way. The low  
rates will continue in effect until  
the end of the month. It had been  
announced to inaugurate them on  
August 8, but demands for labor  
from the prairies caused the mov-  
ing of this date forward four days.

## LESS MEN AVAILABLE

How many men will be sent to the  
prairies from British Columbia can-  
not be estimated yet. The prairie  
provinces are counting on some  
4,000 men from British Columbia,  
but it is doubtful that they will re-  
ceive this number. Improved con-  
ditions here resulting in less un-  
employment, has reduced the num-  
ber of prospective harvesters consid-  
erably.

Lumbermen of the British Colum-  
bia interior are growing alarmed  
over the prospect of many of their  
workers joining the harvest trek and  
leaving them without adequate labor.  
They are urging that harvest rail-  
way rates apply only from points  
where there is a labor surplus. It  
was pointed out at the Labor De-  
partment to-day, however, that this  
system is in effect now, low rates  
not being provided for men starting  
eastward from the interior lumber  
districts.

## McGeer is Urged To be Candidate For Parliament

Vancouver, Aug. 4.—The possibility  
of G. G. McGeer, K.C., entering the  
field against Major-General A. D.  
McLae in Vancouver North was  
mooted in political circles here to-  
day. Mr. McGeer previously had in-  
dicated his temporary retirement  
from political life, but strong pres-  
sure, it is said, is being brought to  
bear on him to reconsider his de-  
cision.

The Liberal convention will be held  
on Saturday night.  
Gen. McLae was nominated at a  
Conservative convention last night.

## MAN'S REPORT OF MURDER CONFIRMED

Railroad Worker Says T.  
Johnson's Confession in  
Seattle is True

Wisconsin Killing Was One of  
Fourteen of Which Man Told  
the Police

Seattle, Aug. 4.—Police here to-  
day began to give credence to a con-  
fession of fourteen murders and  
more than 100 robberies signed by  
Thomas Johnson, ex-convict, who  
admits insanity.

H. A. Fowler of Seattle helped  
give part confirmation to a story of  
a murder which Johnson declared he  
had committed.

The confessed criminal said that  
while riding last Spring on a Chi-  
cago, Milwaukee and St. Paul  
freight train he threw a man off the  
train to his death.

"I did not know his name," he  
said. "I threw him off at a bridge  
near Appleton, Wisconsin."

Fowler was a fireman on the  
train.

## BODY WAS FOUND

"There was a man thrown off all  
right. The body was recovered and  
identified. I don't remember the  
victim's name," Fowler said.

In the opinion of Fowler, John-  
son's statement is true, not only as  
to his reputation for murder, but con-  
cerning railroad holdups he claimed  
to have committed in the Middle  
West of the United States.

## AGRICULTURISTS PRAISE WORK OF ANIMAL EXPERTS

Veterinarians' Progress Big  
Boon to Agriculture, Farm-  
ing Leaders Declare

Bellingham Chosen as Next  
Convention City by Pacific  
Northwest Association

Leaders in the agricultural in-  
dustry of British Columbia and  
the neighboring states of Wash-  
ington and Oregon assembled at  
the Veterinarians' Association  
banquet in the Dominion Hotel  
last night, the chief gathering of  
the convention.

British Columbia provides enor-  
mous possibilities to the farmer,  
Hon. E. D. Barrow, Minister of Ag-  
riculture, declared in replying to  
the "Agriculture" proposed by Dean  
Wagner, of the Veterinary College,  
Pullman, Wash. Some of the finest  
farming conditions in the world are  
offered to the agriculturist in this  
Province, Mr. Barrow said. With  
equable climate, variety of soil and  
strong markets for the products of  
the farm, the B.C. farmer is more contented  
than those in neighboring provinces  
and states. He paid a high tribute  
to the value of veterinarians' work to  
the farmer.

Veterinarians are a big factor in  
successful agriculture. Professor  
King, of the University of British  
Columbia, said. The advances in  
their profession recorded at the con-  
vention here were of vital concern  
to the farming industry.

SCIENCE ADVANCES  
Dean Wagner urged agriculturists  
to speed up production. This, he  
said, was the first essential of pro-  
gress in their industry.

The marked advances achieved by  
the veterinary profession of late  
years were stressed by Dr. J. W.  
Kalkus, of Puyallup, Wash.

Veterinarians and medical men  
should work hand in hand in the  
field of public health, Dr. W. Graham  
Gillam, of Cloverdale, B.C., secretary  
of the convention, urged in propos-  
ing a toast to the "Medical Associa-  
tion." A fine spirit of co-operation  
between the veterinary and medical

organizations already existed, he  
said.

Dr. H. E. Young, secretary of the  
Provincial Board of Health, and Dr.  
Arthur G. Price, Victoria Medical  
Health Officer, replied to this toast.  
Mayor J. Carl Pendray, respond-  
ing to the toast "Our Guests," pro-  
posed by Dr. Carl Coker, of Belling-  
ham, expressed the hope that the  
veterinarians would come here again  
soon for their annual convention.

Among other speakers at the ban-  
quet were: Dr. Hopwood Vancouver,  
Dr. B. T. Simms, of Corvallis, Ore-  
gon; Dr. P. J. Macintosh of Yakima,  
Wash.; Dr. W. H. Lytle, state vet-  
erinary, of Oregon; Dr. Jagger of  
Vancouver, Dr. George Howell of  
Vancouver, and Mrs. Morehouse of  
Salem, Wash.

OFFICERS ELECTED  
Bellingham, Wash., was selected  
by the veterinarians yesterday as  
the convention city for 1927. Officials  
of the Washington and Oregon Vet-  
erinary Association, Eastern part of  
the Pacific Northwest Association,  
were chosen yesterday. Dr. J. R.  
Fuller, of Walla Walla, is president  
of the Washington Association; Dr.  
C. R. Donham, of Corvallis, second vice-  
president; Dr. J. E. Banning, part of  
the Pacific Northwest Association,  
third vice-president; and Dr. J. W.  
Kalkus, superintendent of Western  
State at Pullayup, secretary-treasurer.

Dr. T. B. Carter, of Tillamook, was  
elected head of the region Association.  
Dr. Peter T. Tweed, of La-  
banon, first vice-president; Dr. C.  
R. Donham, of Corvallis, second vice-  
president; Dr. J. E. Banning, of As-  
toria, third vice-president; and Dr.  
B. T. Simms, head of the depart-  
ment of veterinary science at the  
Oregon Agricultural College at Cor-  
vallis, secretary-treasurer.

Undoubtedly the golf courses  
of the city have a great deal to  
do with its great reputation as a  
tourist centre. Among the first  
inquiries made by many motor-  
ists arriving here on a tour is  
"Which is the finest of your golf  
courses and how do you get there?"

Queries of this nature  
are received daily at the Publicity  
Bureau here.

And the visitors are always  
charmed with the wonderful  
courses. At Oak Bay, where the  
cool sea breezes sweep over the  
fields, thrilling them with ex-  
citing life and making them  
play their finest games, and at  
Colwood, with the wooded sur-  
roundings and waterways they  
are delighted. Uplands, as far  
as great drawing card, they are  
as far as New York and many  
from Washington and California  
arrive daily parked outside the  
grounds of the course, indeed  
these courses are assets to be  
proud of.

Famous Horses Here  
Montreal, Aug. 4.—Twenty-three  
thoroughbred horses, several of them  
bred by some of the most famous  
horsemen on the English turf, arrived  
here from overseas to-day. They  
are valued at \$50,000.

Ten of them are consigned to  
James Speers, race track owner of  
Western Canada, three to E. J. Bawlf,  
Winnipeg, and three to T. Gorman,  
Ottawa. A few will be sold at Con-  
naught Park next week.

Funeral Notice  
Members of Vancouver and Quadra  
Lodge A.F. & A.M. No. 2 G.L.C. are  
requested to assemble at the Masonic  
Temple, Victoria, on Thursday, August  
5, at 1:30 p.m. for the purpose of at-  
tending the funeral of their late Wor-  
shipful Brother Ernest Howard Russell.  
Members of local lodges and sojourning  
Brethren in good standing are in-  
vited to attend.

FRANCIS F. FATT,  
Secretary.

## CANADA CROP CONDITIONS REPORTED BY DISTRICTS

Ottawa, Aug. 4.—The Government crop report by Provinces  
says:

Manitoba.—From the Manitoba Department of Agriculture,  
Winnipeg: Recent weather hot; crops ripening very fast; few  
fields winter rye and barley cut; considerable acreage all grains  
will be cut first week of August; many fine fields, but also many  
light ones. Probably about average cereal yield. Rust damage, if  
any, is negligible. Hail damage light so far. Hay crop light. Rain  
and cooler weather needed. From the Dominion experimental sta-  
tion, Morden, July 31: Some wheat, barley and oats cut. Wheat  
is good average crop or better. Barley average. Oats light.

Cereals suffered from drought, and  
wheat rust has injured some fields  
considerably. Corn has done well in  
July. Potatoes and roots fair to good.

Brandon, Aug. 2.—Stem rust prac-  
tically all. Crops ripening fast.  
Outlook for grain crop very fair.  
Harvest general August 2.

Saskatchewan.—From the Sas-  
katchewan Department of Agricul-  
ture, Regina, July 26: The weather  
generally has been hot and dry dur-  
ing the last two weeks. In the west-  
ern and northeastern parts of the  
province, rain is badly needed to help  
the crops. In the eastern part of the  
province, crops have received more  
moisture and are generally promis-  
ing. It is generally expected that the  
present weather conditions continue  
harvesting will begin in the south  
early August and become general by  
the middle of the month.

There has been hail in many parts  
of the province doing some damage  
to crops, but there has been no dam-  
age from any other agency, except  
the hail. Full-ry cutting has com-  
menced in the majority of the dis-  
tricts of the province. Stock, gen-  
erally is in good condition. From  
the Dominion Experimental Station,  
Swift Current, Aug. 2.—Hot weather  
past three weeks, forced ripening of  
spring grains. Wheat—harvesting  
started. Wheat, Swift Current east,  
May average 18 bushels west of this  
point average less than 10. Rye  
threshed averages about 10 bushels.  
Oats, poor crop. Hail damage above  
average.

Alberta.—From the Dominion Ex-  
perimental Station, Lethbridge, Aug.  
1: Dry weather and extreme heat  
during July have hastened ripening  
of wheat in Southern Alberta. In  
southeastern portion, crop practically  
finished; yield 18 bushels to nothing.  
This applies East Tabor and Stit-  
ling; west of these points crops bet-  
ter. Alberta will probably produce  
same quantity wheat as last year.

British Columbia.—From the Brit-  
ish Columbia Department of Agricul-  
ture, Aug. 1: Dull hot and dry  
weather. Pastures drying up and  
badly in need of rain. Grain crops  
are generally good and yields con-  
siderably increased over last year.  
All tree fruits good yields. All root  
crops much in need of moisture.

Ontario.—From the Department of  
Agriculture, Toronto, July 31: Win-  
ter wheat. This crop has made a re-  
markable recovery and where the  
stand survived the winter, the yield  
will be heavy. "Cut" wheat in general  
southwestern Ontario and threshing  
has commenced in Essex and Kent.

Occasional fields may thresh fifty  
bushels to the acre, but yield will be  
considerably lower than last year.

Hay is well advanced in eastern  
districts; yield below the average.  
The straw will be rather short  
for spring grain and it is too early  
to predict yields as filling has not  
been completed. The stand, how-  
ever, seems to be above average.

Some oat hay been cut in Essex.  
Field corn is very late and the stands  
are patchy on account of poor seed,  
unfavorable weather in the early  
stages and insect injury, particularly  
the corn root maggot.

Prince Edward Island.—From the  
Dominion Experimental Station, Char-  
lottetown, July 31: Beneficial  
showers of rain fell during the first  
three weeks of July. Hay two-thirds  
cut above average. Cereals prom-  
ising. Strawberries fair; other small  
fruits good.

Nova Scotia: With favorable  
weather temperature and three  
inches rain fairly evenly distributed  
all crops have made excellent growth.  
During July, the weather after the  
20th was favorable for haying.

Amherst, July 31: July on the av-  
erage has been favorable for farm-  
ing. Good growth has been obtained  
in all crops. Haying is above av-  
erage.

New Brunswick: Backward season;  
hay fair; grain late; root and veg-  
etables backward, but promising.  
Apples splendid crop.

Quebec: The temperatures during  
last few weeks have had a beneficial  
effect on field crops and vegetables.  
Hay making shows a yield interior  
to last year; hay is of excellent qual-  
ity. Other crops vary between av-  
erage and good. Dairy production is  
improving. Vegetables promise large  
yield.

Colwood  
Clubhouse ..... \$1.85  
Grandstand and Paddock ..... \$1.25

Special to The Times  
Colwood, Aug. 4.—On Wednesday  
afternoon, August 11, the beautiful  
grounds of Hatley Park will be open  
to the public under the auspices of  
the Colwood Women's Institute, by  
kind permission of Mrs. J. Dunsmuir.  
In aid of the Queen Alexandra So-  
larium for crippled children. A small  
admission fee will be charged, and  
visitors will be permitted to wander  
at will through the gardens and en-  
joy the magnificent display of flow-  
ers. A delightful afternoon tea will  
be provided by the Women's Insti-  
tute under the capable direction of  
Mrs. Harry Parker, and the gate re-  
ceipts will be in the hands of a  
committee of five members of the  
Institute. Music will add to the en-  
joyment of the afternoon.

A special meeting of the Institute  
was held on Monday afternoon in the  
Colwood Hall to arrange final de-  
tails in connection with this event,  
which the Institute desire shall be  
made both exceedingly pleasant and  
profitable for the Solarium funds. A  
record crowd of visitors is confident-  
ly expected.

The business of the special meet-  
ing also included final arrangements  
for the exhibition to be entered in  
the Victoria Fall Fair, and there will  
be an exhibit of women's work by  
the members at Colwood Hall on  
August 12. After the Victoria fair,  
the entire exhibit will be repacked  
and held for exhibition in the Met-  
ropolitan district Fall Fair at Luxton.

Russians Fearing  
U.S. Wheat Rivalry  
Moscow, Aug. 4.—Despite the  
prospect of an excellent harvest,  
says S. G. Brone, managing director  
of Russia's biggest state grain ex-  
port corporation, the country would  
experience great difficulties in ex-  
porting grain this year because of  
the rivalry with the United States  
which he adds, is already exporting  
its surplus.

Besides this, he continued,  
Rumania and Bulgaria had very  
good crops.

Eleven Taken in  
Gaming House Raid  
Police Grab Chinese Offenders  
in Night Surprise in Fan  
Tan Alley

When the voice of the law broke  
into the smoke-laden atmosphere of  
the Dal Fat Club on the east side of  
Fan Tan Alley late last night and  
started the men, the constable tabled  
Chief Fry and his posse of blue  
coated officers had laid their trap for  
the inmates of the suspected gaming  
house and were ready for emer-  
gency. The patrol wagon waited on  
the street below, and policemen  
climbed the stairs which led them to  
the place, supposedly a gambling  
div.

There were eleven Chinamen taken  
by the officers. All of them were  
paraded before the desk sergeant at  
the police station last night and  
brought into court to face Magistrate  
Jay this morning.

W. C. Moreby appeared for the  
defendants and answered with a plea  
of guilty when the charge was read.  
The accused, all eleven of them, paid  
the required \$10 fine and departed.

## WAR CANOES AT BOYS' SUMMER CAMPS ARE CONDEMNED

Lindsay, Ont., Aug. 4.—Recommendation that a Government regulation be made forbidding the use of war canoes at boys' and girls' summer camps, the coroner's jury which inquired into the death of Walter Burgess of Toronto, one of the victims of the Balmain Lake tragedy of July 20, when eleven boys of the St. Andrew's Brotherhood camp of St.

James's Anglican Church, Toronto, were drowned last night returned a verdict of accidental drowning. This verdict will apply to the cases of the others and no further inquests will be held.

It was revealed in the evidence of survivors that none of the occupants of the craft had any experience in war canoes.

Wealthy Aunt—"Now remember, Hugh, you are to be one of my executors."

Nervous Nephew—"Er—certainly, aunt—er—any time you like."

## EARTH SHOCKS BROKE TOKIO WATER MAINS

Interrupted Lighting Service; People Who Jumped From Windows Hurt

Tokio, Aug. 4.—Several persons were injured, but none seriously, in an earthquake that shook the region about Tokyo last night. Although it was considered the heaviest earth disturbance since 1924, no serious property damage was done.

Several persons were hurt by jumping from windows or being struck by falling lights.

In Tokyo, lighting systems were temporarily put out of commission, water mains burst and there was interruption of communication and street car lines. The meteorological observatory stated the reason there was no serious damage was that the earthquake was centred seaward, about eleven miles from here, and that if the earthquake had centred landward a catastrophe would have probably been the result.

## DUKE OF YORK AT EISTEDDFOD

Swansea, Wales, Aug. 4.—A throng of 15,000 witnessed a notable ceremonial at the Welsh Eisteddfod yesterday, in which the Duke and Duchess of York were initiated into the "Gorsedd," or Order of Bards. The duke, in a graceful manner, expressed gratitude for the honor.

The duke and duchess, wearing green silk robes, entered at a trumpet blast. After being welcomed, they were invested with the flowing headpiece of the order.

The duchess also spoke briefly in English and then added the Welsh equivalent for "Thank you very much."

## LIBERAL CHIEF IS WELCOMED IN REGINA TO-DAY

(Continued from page 1)

WRIT ISSUED  
Alliston, Ont., Aug. 4.—Hon. Hugh Guthrie, Minister of National Defence and Acting Minister of Justice, who was the chief speaker at the Conservative nominating meeting here yesterday which selected W. Earl Rowe as a candidate in Dufferin-Simcoe, announced that just before leaving Ottawa for his home in Guelph he had issued a writ against the Dominion Distilleries for \$720,000 which, he alleged, the Government had lost in alcohol transactions.

## CUSTOMS REORGANIZATION

Ottawa, Aug. 4.—Reorganization of the Customs Department throughout Canada is being proceeded with, according to Sir Henry Drayton, Acting Premier, to-day, but no special decisions have been made within the last twenty-four hours, as reported in newspaper dispatches. The "Dominion-wide clean-up" referred to in dispatches is apparently only the quiet reorganization which has been going on for months.

Prosecution of the Dominion Distilleries apparently has been decided upon. Sir Henry Drayton mentioned to-day that the Government's claim against that firm might be nearer \$2,000,000 than the \$720,000 mentioned by Hon. Hugh Guthrie in his speech in Alliston, Ontario, last night.

"We are going forward in a general way," added the Acting Premier.

The Ottawa Journal, according to a dispatch, said to-day: "The Empire in a Dominion-wide clean-up affecting nearly every part of entry and many of the principal cities from coast to coast, the Government will carry out extensive reorganization of the Department of Customs and Excise."

"The full extent of the reorganization and names of those on whom the axe will fall will probably be announced this afternoon by Hon. J. D. Chaplin, Minister of Trade and Commerce, in the absence of Hon. H. H. Stevens, Minister of Customs."

## BRITISH M.P.'S TO CROSS CANADA

London, Aug. 4.—The British delegates to the meeting of the Empire Parliamentary Association in Australia will sail on the liner Empress of Scotland August 7, according to present arrangements, and will, will tell you all about are putting flesh on hosts of skinny folks every day.

## GETTING SKINNIER EVERY DAY

Something Must Be Done and Done Right Now—Quick

Hollows in Cheeks and Neck Growing Deeper Every Week

Tens of thousands of thin, run-down men—yes, and women too—are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now for McCoy's Cod Liver Extract Tablets which any druggist will tell you all about are putting flesh on hosts of skinny folks every day.

One woman, tired, weak and discouraged, gained fifteen pounds in five weeks and now feels fine.

We all know that the livers of Cod Fish are full of vitalizing flesh and vitamins of the highest class are found in McCoy's Cod Liver Extract Tablets—sugar coated and as easy to take as candy.

This shows what faith the makers have in McCoy's for they say: if any thin person don't gain at least 5 pounds in 30 days your druggist is authorized to give you your money back—and only 60 cents for 60 tablets. Ask MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co., or any druggist anywhere in North or South America.

But be sure to get McCoy's, the original and genuine. (Advt.)

## PRIMARY ELECTIONS IN UNITED STATES

New York, Aug. 4.—Primary elections to select candidates were held yesterday in several states. Polling will take place in November.

Senator G. H. Williams, Republican, and Congressman Harry B. Hawes, Democrat, were nominated for the Senate in the Missouri primary. Governor Ben S. Paulsen, Republican, and former Governor J. M. Davis, Democrat, were nominated in the gubernatorial fight in Kansas.

Candidates for the House of Representatives were nominated in primaries in Montana, Virginia and West Virginia.

Senator Charles Curtis, Republican, piled up a huge lead for re-nomination in Kansas.

## HURRICANE SCENES OF TERROR DESCRIBED

Natives in Bahamas Sang Hymns; Some Were Dumb With Fright

New York, Aug. 4.—Terror that reigned among the natives of Nassau, Bahamas Islands, was described by passengers who arrived here on the steamship Munamar. Among incidents related, some of which the Munamar passengers obtained second hand, were:

Natives lying face downward in the mud, groaning and singing hymns; forty-seven sponge boats swept out to sea with 400 negroes huddled in them, some dumb with fright and others standing in the sterns with their arms thrust upward in supplication, the chanting of their hymns audible above the howling winds; the nose of a steamer rammed through a five-foot sea wall, and thousands of cases of whisky from a wrecked warehouse floating about the streets.

## NEAR LAND

The sponge boats, passengers said they had learned, were within sight of port when the hurricane swept down upon them, driving them back to sea and presumably carrying the natives to their deaths.

Passengers estimated the number of dead was 500 in and about Nassau, said, singing primitive hymns and shouting the world had come to an end.

A slight squall a few days after the hurricane had subsided sent them into another panic.

## HUNT BOOTLEGGERS AFTER TWO MURDERS

Evangelist and Choir Singer in Kentucky Killed; Three Youths Arrested

Morgantown, Ky., Aug. 4.—Members of an alleged bootlegging gang are being rounded up for questioning in connection with the sensational double murder Monday night of the Rev. W. A. Moss, an evangelist, and Mrs. Jerome Johnson, a choir singer, in a church here during the progress of a revival service. Last yesterday three youths, said to be members of a group of moonshiners who feared and hated the evangelist because he had denounced their activities, were jailed in Morgantown after being run down by a posse which had scoured the nearby woods ever since the shooting.

Two others of the band are being hunted.

Mr. Moss and Mrs. Johnson were shot down during a service at the warrenton, and received by the minister that he would be killed.

## Duncan

Duncan, Aug. 2.—The Cowichan Health Club, having reported for the month of July 1926, presented by Miss L. Jeffares, supervising nurse, is as follows: Districts visited: Duncan, Cowichan Station, Westholme, Sahlam, Cobble Hill, Crofton, Glenora, Chemalunus and Bench Road. Bedside nursing visits, 134; child welfare visits, 85; other welfare visits, 72; co-operative visits, 44. Total visits to homes, 318. Telephone consultations, 133; visitors to Health Centre, 22; meetings, 10. Meetings attended: Health Centre quarterly meeting, 1.

Mrs. Johnson of Vancouver and her daughter, Alis, have been visiting Mrs. J. E. Allen, Duncan.

Mrs. Sharpes and Miss Mollie Sharpes of Victoria were the house guests of Mrs. W. E. Blythe, Quamichan Lake, during the Duncan lawn tennis tournament.

Mr. and Mrs. Gerald Elkington are visiting Mr. Elkington's parents at Oak Park, Quamichan Lake.

Mrs. A. W. Johnson of Duncan will attend the author's convention to be held this week in Vancouver.

Mrs. H. N. Clague and family are spending the holidays in Duncan, the house-guests of Mrs. W. Prevost.

E. B. Freeman and C. G. McElroy of Victoria were the guests of Mr. and Mrs. E. W. Carr-Hilton during the cricket week in Duncan.

D. Campbell of Victoria was the house-guest of Mr. and Mrs. F. R. Gooding, Duncan, during the tennis tournament held last week.

The South Cowichan Lawn Tennis Club's annual open tournament starts on Wednesday, August 4.

Work was commenced on Monday on the clearing of the ground for the tennis courts to be built on the Duncan Lawn Tennis Club's property. When these three new courts are completed, the club will have ten courts.

F. L. Kingston has the contract for the work.

## CHURCH FIGHTS IN REGION OF ODESSA

Transfer of Buildings to New Living Church Leads to Clashes

Moscow, Aug. 4.—Special dispatches to The Pravda report serious disorders in Odessa, arising from the transfer of several churches from the old Orthodox Church to the new Living or Red Church. Six priests of the older organization, who were celebrating mass in the Alexiev Church, in a suburb of Odessa, were attacked by angry crowds.

The dispatches say women spat in the priests' faces.

Mila was summoned to the scene and saved the priests with greatest difficulty, but not before five of them had been mauled. One girl among the mob was seriously injured.

Many cases growing out of the affair are now being tried in the courts.

The disorders are the culmination of violent struggles which began in June between supporters of the late Patriarch Tikhon and the adherents of the Living Church for possession of Odessa's places of worship.

## NOMINATIONS FOR FEDERAL ELECTION

Federal nominations for the general election held for September 14 reported in dispatches received by The Times include:

North Bruce, Ont.—James Malcolm, Liberal.

Yamaska, Que.—A. Boucher, Liberal.

North Oxford, Ont.—Hugh Allen, Liberal-Progressive.

Macdonald, Man.—W. J. Lovie, Progressive.

Dauphin, Man.—J. L. Bowman, Conservative.

Grenville-Dundas, Ont.—A. C. Casselman, Conservative.

Inverness, N.S.—I. D. Macdougall, Conservative.

Restigouche-Madawaska, N.B.—Arthur P. Culligan, Conservative.

## H. SIFTON CANDIDATE

Newmarket, Ont., Aug. 4.—Harry Sifton of Toronto, son of Sir Clifford Sifton, has been chosen by the North York Liberals to contest the constituency in the forthcoming Federal general election.

## LEAGUE EDUCATION

Geneva, Aug. 4.—The committee of experts appointed by the League of Nations Council to study the question of the education of young people in the aims and ideals of the League of Nations is now in session here. The first meeting was held yesterday.

## TWO PERSONS INJURED

Newmarket, Ont., Aug. 4.—When a car, driven by R. J. Flinn, mayor of Weston, overran a deep ditch near here, Mrs. Flinn, wife of the driver, and Mrs. Eliza- beth of Toronto were seriously injured.

## Shawnigan Lake

Shawnigan Lake, Aug. 4.—The weekly flannel dances held in the Shawnigan Lake Athletic Association Hall on Saturday evening are proving very popular with the Summer visitors and residents of the lake upwards of 100 attending.

The Women's Institute have made arrangements with G. I. Warren, a Victoria to give an address on the resources of Vancouver Island. The meeting will take place in the new future in the Shawnigan Lake Athletic Association Hall. This will be the first of a series of educational addresses and the meeting will be open to all.

E. D. Johnston, Deputy Finance Minister and family have taken F. J. Stanton's house and are in residence.

A. Wilson and family of Victoria are spending their vacation at the Lake, having taken F. T. Elford's Lakeside house.

Mr. and Mrs. L. A. Hunt, recent arrivals from England, have taken Mrs. Grievson's house for a lengthy period.

Mr. and Mrs. J. L. Grimsdon had for guests over the week-end, Mr. Edgar Wade and Doctor John McKay of San Francisco; also Mr. Ken Miller, Aberdeen, Wash.; Miss Craighead, Hullerton, of Victoria and Mr. Brian Humming of Victoria.

Miss K. Reynard, Collinson Street, Victoria, is the guest of Mrs. Phil Austin at their Summer cottage.

Miss Beth Grimsdon has returned from a visit to Vancouver.

Miss L. Whyte of Lake Hill, Victoria, was the guest of Mrs. Lewis Hall over the week-end.

Dr. and Mrs. Nelson of Victoria had a house party of Victoria friends at their beautiful lakeside home.

Mr. and Mrs. W. Mardell of Victoria and Mr. and Mrs. W. A. Slow of Esquimalt, spent Sunday at the lake.

Mr. F. Dodsworth and family are staying at "Tanglewood" for the season.

Mr. and Miss Ward, Victoria, are guests at Rosedale Inn.

## CHINESE BEGGAR IN NEW YORK HAD SUM OF \$12,385

New York, Aug. 4.—Jacob Frank, sixty-six, was arrested in New York's Chinatown for annoying pedestrians with pleas for the price of a "cup of coffee."

A search of his clothes revealed \$12,385 in bills of large denominations sewed into the lining.

Frank said his fortune represented his earnings for the past forty years.

## LORD WILLINGTON GUEST IN LONDON

Governor-General-Elect of Canada Honored by Overseas Educational League

London, Aug. 4.—(Canadian Press Cable) Viscount Willington, who will succeed Lord Byng as Governor-General of Canada in the Fall, and Lady Willington were guests of honor last night at a dinner given by the Overseas Educational League in the Hotel Cecil here. The dinner was attended by 250 delegates, chiefly women of Canadian universities now visiting England.

The chairman, Sir Campbell Stuart, Canadian-born director of The London Times Publishing Company, assured Lord Willington his Canadian days would never be dull and that he would return to England at the end of his term, like all his predecessors, "a good Canadian."

Stuart told the Canadian women present they were fortunate to meet their Governor-General's wife. The women of Canada, he said, offered Lord and Lady Willington a true Canadian welcome to their Canadian home.

Viscount Willington thanked the Canadian visitors for their kindly greetings and said he hoped they would return to Canada firmly convinced the Mother Country was very much alive and a worthy mother of her great daughters growing to be great nations.

## FINANCE BILLS IN FRANCE APPROVED

Paris, Aug. 4.—Premier Poincare seems in a fair way to beat the French legislative record, if he has not already done so, in getting through Parliament his measures for rehabilitating the financial measures, which were adopted by the Chamber of Deputies last Saturday. The vote was 256 to 13. It is the purpose of the Premier now to introduce his third bill, the object of which is to facilitate early monetary stabilization, based on the recommendations of the expert committee.

This will give the Government power to conclude with the Bank of France such agreements as may be necessary to attain the end sought. Among the recommendations is one removing the arbitrarily fixed maximum for noteholders in circulation, regarded as both an impediment to commercial activity and liable to hamper the bank in the purchase of foreign currencies and gold necessary to strengthen its reserve.

## ROBBERS IN QUEBEC ESCAPE WITH \$1,000

Hold up Woman Manager of Bank Branch in Mount Royal; Use Motor Car

Montreal, Aug. 4.—Bandits yesterday held up Mrs. Dagenais, manager of the Provincial Bank of Canada at Mount Royal, Que., about forty-five miles from here, and secured \$1,000 from the safe.

According to Mrs. Dagenais' story told the police to-day, two men entered the bank and ordered her to hold up her hand, one pointing a gun in her face while another, who was unarmed, cleaned up the cash boxes. Awaiting them outside sat a young girl in an automobile. Immediately following the holdup, the men boarded the automobile, the engine of which had been kept running, and disappeared.

No arrests have yet been made.

## AUTOIST HURT

Beaverton, Ont., Aug. 4.—Although his automobile struck a telegraph pole, rebounded under the wheels of a locomotive and was tossed into the air, landing in a ditch, I. Cliff of Canington, Ontario, was only slightly injured here yesterday. His car was almost totally demolished, only one wheel of the vehicle remaining intact.

## Three Murders in Chicago District

Chicago, Aug. 4.—Finding of the body of an unidentified man trussed and weighted with stones in a well in a suburb of Chicago gave the police to-day their third murder mystery in twenty-four hours.

The body, found last night, apparently had been in the water two weeks. There was three bullet wounds in the head, which led the police to believe the man had been "taken for a ride" and slain as the result of some illicit alcohol traffic feud.

Alcohol gangs' warfare also was blamed for the death of Joseph Salvo in Chicago.

The third killing, that of Morris Markowitz, was laid at the door of labor troubles.

## Vincent Richards Enters Semi-final

Seabright, N.J., Aug. 4.—Vincent Richards, ranking No. 3 tennis player in the United States, advanced to the semi-finals of the Seabright invitation tennis tournament, by defeating the intercollegiate champion, Edward G. Chandler of California, 6-2, 6-3, to-day.

William M. Johnston of San Francisco, second ranking American player, was eliminated in the quarter finals by Takeuchi Harada, Japanese Davis Cup star, 10-8, 2-4, 6-0.

## HIGHWAY FATALITY

Hamilton, Ont., Aug. 4.—Injured by an automobile on July 27 when he was knocked off his bicycle, Cecil Wallis, thirty-six, a well-known theatrical man, died here yesterday.

"Aren't you nearly ready, dear?" asked the husband, with resignation. "I wish you wouldn't keep asking that question, John. I've been telling you for the last hour that I'll be ready in a minute."

## Angus Campbell & Co. Limited

1008-10 Government Street

## An Advance Showing of NEW FALL TOPCOATS

For Town Wear or Traveling

One of these days you'll be waking up to find a crisp, cool wind, and golden leaves fluttering to the ground. Then you'll be glad you have your stunning new Fall Topcoat ready to slip into. And you'll be particularly glad that you bought it from this early showing of smart Fall Topcoats.

Tailored From Smart Plaids and Novelty English Fabrics

Priced From \$37.50 Up

## SEA SERPENT SEEN BY RUPERT MAN

Prince Rupert, Aug. 4.—Jimmy Andrews, mechanic at the dry dock, has returned from Kelowna where he had been working on the lake boat and tells some harrowing stories on the marine monster recently sighted in Okanagan Lake. Jimmy says that even the Mayor of Kelowna has seen the monster and he (the mayor) ought to know.

In fact, so scared have the natives around the lake become that they refuse to go out on the water after 9 o'clock at night. It is said the monster has habits similar to a cat and starts in to fling the water about by chasing motor cars after dusk.

## Elevator Burned In Saskatchewan

Swansea, Sask., Aug. 4.—The Pioneer elevator here, with a capacity of 54,000 bushels of grain, was burned to the ground yesterday. The value of the elevator is said to have been \$25,000.

The local volunteer fire fighters could not cope with the blaze and a call for aid was sent to Ardath and a number of volunteer fire fighters responded. If the wind had been blowing from the opposite direction the entire town would have been in the path of the fire.

## Unrest in Army of Spain Reported

Bordeaux, France, Aug. 4.—Unrest among Spanish artillery and engineer corps is reported in advices reaching here from Spain.

## Gums Like Coral

Teeth with that dazzling whiteness you see

This new way brings them quickly. Send the coupon

DENTAL science has found a new way to lighten cloudy teeth. A way that often changes a person's whole appearance. Your teeth, it's learned, are not naturally off color—simply coated with a film that absorbs discolorations from food, smoking, etc.

You can feel that film now with your tongue; a slippery sort of coating. It is there largely because your present dentifrice is failing in its duty. Ordinary dentifrices don't fight film successfully and brushing won't do it.

Now a new-type dentifrice has

been discovered. A film-removing paste called Pepsodent. Famous \$100,000 movie stars use it before going on a scene. That's why moviesmiles are so gleaming white.

Leading dentists urge it because it protects the teeth and firms the gums. Film breeds bacteria that invite tooth troubles and pyorrhea. It is there now imperiling your teeth, your gums; making your smile unattractive.

Clear it off. See the amazing difference made. Get Pepsodent at any drug store. Or send the coupon for test tube free.

## MR. E. HOWARD RUSSELL

IT WILL BE VERY DIFFICULT TO FILL the gap in the life of the community caused by the death of Mr. E. Howard Russell which occurred early yesterday morning. For nearly thirty-five years his exceptional gifts had been devoted to the highest services, without stint and without regard to any other object than the accomplishment of things worth while. As an educationist he enjoyed a reputation which extended far beyond the boundaries of this district. He was an ideal teacher, endowed with an intimate understanding of the youthful mind, boundless enthusiasm, an equable disposition and an enviable capacity for making friends of those who came under his instruction. It is impossible to translate into cold figures the value of his contribution to the citizenship of this country or to put limits upon the extent to which his influence has manifested itself since he became identified with the schools of this city in his early manhood. We know, however, that innumerable genuine tributes to his memory will spring from men and women who once were his pupils and who owe much of the success which attended them afterwards to the inspiration, example and instruction he gave to them. The human characters he did so much to fashion and mould will be his eloquent and imperishable monuments.

Mr. Russell was an accomplished musician and a leader in the musical life of the city. His association with the Arion Club, his active interest in all movements to promote the cause of good music, never will be forgotten. He gave more to these than the support of an ardent enthusiast. He gave the valued assistance and co-operation of an expert, of one who was an artist to the finger-tips. His versatility seemed unlimited but, unlike many other men of unusual intellectual endowments, he had in an equally wide measure a sense of kindly toleration and good-fellowship, sanity of judgment, unflinching geniality and all-round human interest, which made him popular with all classes. To his sorrowing relatives The Times, with a full appreciation of the nature of their loss, tenders its sincerest sympathy.

## "A ROSE BY ANY OTHER NAME"

AT HIS MEETING IN ORILLIA YES- terday the Prime Minister is reported to have pressed what is described as his "distinctive policy of protection." That is a new one. Is "stable protection" to go into the discard with "brick-for-brick" protection, "stone-for-stone" protection, and "adequate" protection? Is the new plan to be just "distinctive"? If this is the case will the Conservative contemporary which says that "nothing stands out clearer than the Conservative tariff policy" kindly tell us the difference between the much advertised "stable protection" and "distinctive" protection. To everybody but the Meighen press the Prime Minister's public views on the tariff are about as clear as mud.

Back of all this beating about the bush is the real Meighen policy of protection as expounded to a Vancouver audience on October 7 last year. He said then that Canada should profit by the lesson of the United States "which has put up its tariff wall fifty per cent." Is this what he means by "stable protection" or would it come under the heading of "distinctive" protection? The label by which the policy is known, of course, is quite immaterial. When the Prime Minister formed his Cabinet one of the first things he did was to invite those of his friends who are known to be out-and-out high protectionists to accept portfolios. Would they have consented to join the new Ministry if they had had the least doubt as to what tariff policy a Conservative Government would follow if it were successful at the polls? It is unreasonable to suggest that they would.

And what do the stump speakers of the Meighen party mean by continually crying for "stable government"? The Toronto Star answers this by saying that under the present Prime Minister in 1921 Canada had an adverse balance of trade amounting to \$30,000,000, that the Canadian National Railways had an operating deficit of \$11,500,000, that unemployment was acute, and that the Canadian dollar was worth less than ninety-two cents in exchange for the United States dollar. Under the Government of Mr. Mackenzie King in 1926, however, Canada has a favorable balance of trade with the rest of the world amounting to more than \$400,000,000, the Canadian National railways have an operating surplus of \$34,000,000, employment is better than it has been for five years, and the Canadian dollar is above par.

"Canada was on the high road to prosperity," The Star says, "when an unconstitutional action gave Mr. Meighen his opportunity to ask the people for a mandate to change things." All along the line the Prime Minister and his party's speakers are blaming the tariff as it stands to-day for difficulties which they

say confront the Dominion, but which they know do not exist; and if the people listen to their plea they can expect many changes in the import duties—all of them upward. For all the fancy names Mr. Meighen gives his tariff policy means one thing: a tariff as "high as Heman's gallows."

## BE PROUD OF YOUR CITY

IF THIS CITY IS TO GET ITS SHARE OF the people and money coming to this coast, the citizens will have to take off their coats and work a bit. This remark was addressed to the Real Estate Bureau of the Vancouver Board of Trade by Mr. Harry H. Culver, the founder of Culver City, California, who will be in Victoria to-morrow. Mr. Culver's observations could be applied to Victoria as well as to Vancouver, and to any other city that is out for the various kinds of business which build up a community's prosperity. Some citizens seem to think that there is no part for them to play in the job of furthering the interests of their own district. But there is a part for them. It may not be a spectacular one. They may be only called upon to refrain from saying things about their community which are not true. And it is astonishing what damage is sometimes done by a thoughtless remark that is anything but complimentary.

Victorians should find it simpler than the citizens of any other community to say nice things about their city. But how many do it? How many do it with the object of assisting the various progressive organizations which are putting the common good before many other things?

We venture to suggest that if every Victorian would constitute himself, or herself, a publicity committee of one, the effect on the business of this community would be felt in a very short time.

## MR. DICKIE REBUKED

THE COWICHAN LEADER, PUBLISHED in Duncan, Mr. C. H. Dickie's home town, sharply raps the member for Nanaimo for his criticism of the Australian treaty. The Leader says:

"Mr. Dickie would be well advised to leave the Australian treaty out of his campaign speeches. Vancouver wholesalers or even Cowichan farmers could tell him the reason for the importations of Australian butter last winter."

"Sir John Willison, in his monthly publication, says: 'Nor have we improved our position in Australia by the intemperate partisan wrangle in which we have engaged over the reciprocal treaty made between the two governments a short time ago.'"

"There is danger that we will drive Australia into abrogation of a treaty which by no means equalizes the volume of trade between the two countries and for which we have vainly sought for a generation."

"If the treaty is terminated either by action at Ottawa or at Melbourne, we will give to the United States a great and lasting advantage in Australian markets and not for many, many years will we succeed in negotiating a second reciprocal trade agreement with the Commonwealth."

"We had hoped that Conservatives would have heeded the warning of The Vancouver Province, namely: 'There is no doubt that, for political reasons and nothing else, they descended to playing football with the Australian treaty and, in the hope of making gains with a certain section of the electorate, risked the destruction of an instrument which had in it the possibilities of conferring great benefit upon the Empire.'"

Mr. Dickie opposes the Australian treaty because his party opposes it, and his party opposes it because it was an achievement of the King Government. The treaty already has shown itself to be a fine thing for British Columbia, and has the cordial endorsement of the principal boards of trade and industrial interests of the Province.

In this, as in lower freight rates, lower duties on motor cars, saw-mill and mining machinery and other forms of lower taxation, it is obviously impossible for the British Columbia members both to follow Mr. Meighen and at the same time uphold the best interests of this Province. They therefore prefer to stand by Mr. Meighen and his little oligarchy in the East.

## WHAT OTHER PAPERS SAY

### STILL HAS HIS NERVE

From The Toronto Globe  
It is reported that the ex-Kaiser is claiming damages amounting to millions of dollars from the people of the Fatherland for the loss of his ancestral property. Whatever Wilhelm has lost, he has retained his nerve.

### FEWER EMIGRANTS

From The Economist (Genoa)  
The recent census taken in Italy shows that there are now more than 43,000,000 inhabitants in the country, or an increase of about 3,000,000 since the taking of the previous census in 1921. In respect to the number of inhabitants Italy now holds the fourth position in Europe, the leading country being European Russia with 101,000,000 inhabitants, followed by Germany with 63,000,000 and Great Britain with 44,000,000. The provisional figures of the migratory movements of Italian subjects during the year 1925 give the number of emigrants at about 300,000 souls as against 408,000 in 1924, and the number of immigrants at about 200,000 souls. While in former times emigration was considered the sole solution of the problem of the superfluous population the numerous schemes of internal development will probably reduce the number of emigrants during the present and coming years.

## A THOUGHT

Let not the wise man glory in his wisdom, neither let the mighty man glory in his might, nor let the rich man glory in his riches.—Jer. ix, 23.  
Dignity and pride are of too near relationship for intermarriage.—Madame Delany.

## Do You Mean What You Say?

The Register and Tribune Syndicate,  
Des Moines

## "NINE DAYS' WONDER"

## "NINE DAYS' WONDER"

A scandal among high officials or any event of a sensational nature is known as a "nine days' wonder." Apparently the phrase is explained by the fact that it takes the public that many days to recover from the shock. But the expression is also applied to the nine-day period of blindness of puppies and kittens after birth. During this stage they are a subject of wonderment to the children of the household.

## Constructive Psychology Applied

Contributed

### No. 1

Applied psychology is a phrase we hear read about every day, but for many it means something to find out about when they have more time. The average man says, "I am so busy bringing home the bacon I have no time to study or deep a subject, and the housewife and mother feels, some time somewhere she may be able to learn something about a science that is so wonderful, but just now her duties are so many, her troubles so great, she has not the time. It is our intention in this series to give facts in simple homely chats, just enough each day so that the busy man or woman can apply it where they are, prove it for themselves, by making it actually work out their problems for them."

Starting, but true is the fact, we are what we make ourselves. As a man thinketh in his heart, so is he, as scientific as the law of mathematics.

"In his heart," says the man in the street, "Well, I think with my brain." So you do, at least five per cent of your mind does. You think with your conscious mind, the mind that perceives or takes cognizance of the outer world through the medium of the five senses. And it can suggest to your great "power house," your subconscious mind, whatever it chooses. It is also a censor, it can examine every suggestion and accept or reject it, but it will have to abide by the law that whatever it allows to enter into the subconscious mind, will be brought into form or manifested in the objective.

To-morrow we shall consider, as a man thinketh in his heart, so is he.

Victoria, Aug. 4.—5 a.m.—The barometer remains high on the coast and showers have occurred there and in Saskatchewan. Fair weather prevails from Vancouver Island to Alberta and in Manitoba.

## NOTE REPORT UNFOUNDED

Geneva, Aug. 4.—The secretariat of the League of Nations has no information whatever concerning a note reported to have been sent to the League by Yugoslavia protesting against raids on Jugoslavia territory by Bulgarian irregulars. The report, it is pointed out here, evidently is the outcome of comment in the Belgrade newspapers urging the Yugoslav Government to address such a note to the League.

## TWO AIRMEN LOST LIVES

Newport News, Va., Aug. 4.—Captain John H. Batty and Technical Sergeant James W. Cheesman, both members of the 101st Pennsylvania National Guards' observation squadron, were instantly killed yesterday when their plane fell at Langley Field.

## LIBERAL LEADER TOURING PRAIRIES

Mackenzie King Opens Western Federal Election Campaign at Winnipeg

Winnipeg, Aug. 4.—Rt. Hon. Mackenzie King, Liberal leader, is now touring the prairies in the course of his Federal general election campaign, which will take him to the British Columbia coast before he turns eastward once more. Last night, at his first meeting on the plains, he addressed a great gathering in Winnipeg, leaving immediately after the event for Regina, to speak to-day.

Mr. King was given an enthusiastic welcome when he arrived in Winnipeg from Kenora, yesterday. His coming was heralded by the shriek of the bagpipes, and he was greeted by the cheers of hundreds of supporters at the station. He was escorted through the streets of the city by a number of automobiles lavishly decorated and bearing the chiefs of the Liberal Party in Winnipeg and many persons from out-of-town points.

**MET DELEGATIONS**  
During the afternoon Mr. King met several delegations in his hotel, and conferred with F. C. Hamilton, president of the Manitoba Liberal Association.

Mr. King was the only speaker at the rally last night, an early conclusion being necessary to permit the Liberal leader to make train connections for Regina.

Thousands attended the meeting and thousands of others were given the opportunity of listening to the Liberal chief's address by radio.

**NATIONAL RAILWAYS**  
"I want to tell Mr. Meighen the people of Canada want him and everyone about him to keep their hands off the National Railways," said Mr. King during the course of his address.

"Mr. Meighen had hardly been in office an hour before he was telling the people of the Maritime Provinces how the National Railways should be adjusted."

The Liberal leader declared his administration had aided the West "when we saw that the Crow's Nest Pass rates were restored."

**WAR QUESTION**  
Mr. King dealt at length with the constitutional question, and particularly with Premier Meighen's attitude on the question of Canada's participation in foreign wars, as made known in a speech in Hamilton, Ontario.

"I have taken the position Parliament is supreme," said Mr. King. "I hope when Mr. Meighen comes here he will tell you about his view of participation in foreign wars."

In Hamilton, in trying to influence votes in a Quebec by-election, said Mr. King, Mr. Meighen had said it would not be Parliament that would decide for or against participation, but by the people in a general election.

Mr. King wondered what would happen if a general election was on while a war was on. Moreover, if the Governor-General should refuse Mr. Meighen a dissolution as it had been refused to him, he would not be able to hold an election on the war issue.

**CUSTOMS INQUIRY**  
The Liberal leader reviewed the customs committee's investigation, declaring it was the late Govern-

These are the days when Mosquitoes and Black Flies are on your trail in spite of protective screens and netting—and when they bite, it is time to use

## Absorbine J

which stops the itching and reduces the swelling, cooling and soothing. It has a pleasant odor, is not greasy and will not stain your clothing. Be sure to take a bath when you go camping or to the summer cottage.

Absorbine J. is also just the thing to use on your feet. It is a balsam, germicide and antiseptic, cures cuts, killing germs and preventing infection.

\$1.25 a bottle at most druggists or sent postpaid by

W. F. Young Inc.

ment which had taken the initiative in suppressing smuggling.  
"I don't think matters should be allowed to rest or that they should be carried on by a single judge, but that a committee of three judges, which would have the confidence of the Conservatives, the Progressives and the Liberals of the country, should travel through all the ports and investigate all the charges made on customs matters," he said.

"The effort to drag a trail of slime across this country should stop, he said. If it did not, it would become difficult to get able, honorable men into public life."

Mr. King declared he was prepared to meet on any platform any Conservative who would stand up and make charges against any part of his administration.

## LEGISLATION SUPPORTED

Mr. King, in passing, paid a tribute to Mr. Hoops and Mr. Woods, late Labor members for Winnipeg, for the honorable support they had given the Liberal administration in endeavoring to pass legislation.

The audience was reminded that in the general election the representation in the Senate as well as the House of Commons was determined. Every senator who had been appointed under Mr. King's government had undertaken to support whatever measure of Senate reform the Liberal Government might recommend.

Mr. King appealed for the preservation of all the associations, customs and usages of the constitution of Canada.

## TARIFF QUESTION

Mr. King reviewed the circumstances which brought about the alignments in the last Parliament. Last year Mr. Meighen had contended the major issue was tariff, he said. The only cure for Canada's ills was an all-round increase in tariff, the Conservative leader had said.

"He is making exactly the same kind of appeal at the present time," said Mr. King.

When the last Parliament met it was clear the only supporters of an all-round increase were Mr. Meighen's own following of 116. All the rest of the House were opposed, said Mr. King.

"I advised the Governor-General Mr. Meighen could not, in my opinion, secure a majority," said Mr. King. "I advised His Excellency to summon Parliament and let the people's representatives decide who was to carry on."

When the late Parliament commenced, said Mr. King, Mr. Meighen had denounced the Government as being leaderless, but the Conservative chief had not seen that before the end of the session he would be out of the House and absent from the leadership of his party while Mr. King was in.

## SUPPORT GIVEN

The former Premier emphasized the support given the Liberal Government early in the session in the House on the budget, and in the country during the by-elections. But late in the session intrigue became apparent between Conservative members and Conservative senators.

It was an attempt to embarrass the Government. An amendment to the Grain Act before the Senate was used as a club over certain members of the House of Commons.

"All this talk about catering to and bargaining with the Progress-

sives is altogether false," declared Mr. King.  
When it became clear the business of the House could not be carried on honorably, a dissolution had been asked for. It had been said the Government had resigned to escape a vote of censure.

"If I had been afraid of any vote of censure do you think I would have asked the Governor-General for a dissolution to get to the country as soon as possible?" asked Mr. King.

When dissolution was refused there was only one thing to do—resign.

"Was I right or was I wrong in asking for a dissolution?" asked Mr. King. "If I was wrong why was it right that on Friday of the same week Mr. Meighen was granted a dissolution?" he asked.

"Was I right or wrong in advising that no other government could carry on? If I was wrong, how was it the Meighen Government was defeated?"

The Governor-General said Mr. King, had acted honestly and sincerely. He was, Mr. King believed, incapable of any dishonorable act.

## THE OLD VIEW

"All the time I was Prime Minister our relations were the very happiest. But I do think His Excellency misapprehended his constitutional duty," he said.

Lord Byng had held the view of the older Governors of Canada, namely, that the Governor should act as a judge as to what was right or wrong between parties.

"But in Canada we believe our country should be as self-governing as Great Britain herself," said Mr. King.

King. "The Government of Britain would be the first to concede that as the proper status."

Mr. King pointed to the danger of the precedent in the matter.

**YOUR BABY and MINE**  
By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

No set rules can be made that will suit every mother, but here is an outline which may be followed by most mothers. Since the once in four hours nursing period is now the accepted one, this schedule is made with that interval.

6 a.m.—Baby's first nursing (Family breakfast, dish washing, preparation for baby's bath).

9 a.m.—Orange or tomato juice. 9:30 a.m.—Bath and attention to baby's towels.

10 a.m.—Nursing or bottle feeding and baby's long nap. (Washing of baby's clothes, preparation of bottle feedings for twenty-four hours, and family lunch; dish washing).

## Women Secure

against lost charm, this new way of solving oldest hygienic problem—offers true protection; discards like tissue

**SHEER** gowns and ill-timed social terror for the modern woman. The insecurity of the old-time "sanitary pad" has been ended.

"KOTEX," a new and remarkable way, is now used by 8 in 10 better class women.

It's five times as absorbent as ordinary cotton pads!

You dine, dance, motor for hours in sheerest frocks without a second's doubt or fear.

It deodorizes, too. And thus stops ALL danger of offending.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

**KOTEX**  
No laundry—discard like tissue

### C.G.I.T. CAMPS OPENED FOR GIRLS

Party of 42 Journeyed Out to Beaver Lake Yesterday

Forty-two girls, all radiantly smiling at the prospect of ten days' happy holiday in camp, and all laden with blankets, grips and other impediments essential to camp life, gathered at the Y.W.C.A. headquarters in Yates Street yesterday, representing the first contingent for the Canadian Girls in Training Camp at Beaver Lake.

After much laughter and chatter the girls were marshalled by Mrs. Bishop, the "Y" secretary, into the waiting conveyances and drove out to the lake, where they were welcomed by the party of leaders who had preceded them on Sunday in order to get the camp in readiness. The leaders include—Miss Osterhout, camp director from Vancouver, and Miss L. K. Brown, Miss Grace Adams, Miss Florence McGibbon and Miss Violet Guy. Miss Dorothea Smith is the sportswoman for the camp, and Mrs. Braund combines the duties of camp mother and nurse. A delightful programme built upon the lines of the C.G.I.T. ideals, has been arranged for the girls, and during the week short talks will be given by Mrs. Cousland, Mrs. G. Guy and Miss Helen Henderson.

### LADY ASTOR TAKES MONTH'S HOLIDAY

Dark Harbor, Maine, Aug. 4.—On a little island in Penobscot Bay, Lady Astor, first woman member of the British House of Commons to-day entered upon a month of respite from the cares of state, and for the first time in her life, she sought a real vacation, she devoted the first day of her visit with her sister, Mrs. Charles Dana Gibson, to a complete rest.

Gibson's summer home is situated on a ten-acre tract at one end of Seven Hundred Acres Island. Boating, fishing, bathing and tennis are the principal amusements offered the summer resident, while a golf course at Dark Harbor is easily accessible to those who desire that game.

On her arrival here to-day from Boston, Lady Astor and her four children who accompanied her, were somewhat weary from their ocean voyage. A day of eight-seating in Boston and an overnight steamer trip up the coast to Camden through heavy fog. The fog still persisted when she left Camden for the island in the Gibson power boat, and they were behind schedule about half an hour at the destination.

At the Gibson home it was announced that there was to be little in the way of a formal programme in honor of Lady Astor's visit. The only function was to be a tea given by Mrs. Gibson in three weeks. Lady Astor's husband, Viscount Astor, and their eldest son, who are now on a tour of the west will join the house party at Seven Hundred Acres island in two weeks.

**Friendly Help is In Need of Fruit And Vegetables**

Mrs. Wm. Grant, first vice-president, presided at the monthly meeting of the Friendly Help Association on Tuesday morning. Thirteen members were present, including Alderman Harvey and Mrs. Wood of Vancouver. The association will take charge of the tagging in Market Building on September 4 for the Women's Institutes' appeal in aid of the Bolarium.

A total of 52 cases, including 281 persons were assisted during the month of July, of these 52 had groceries, 9 had fuel, 28 had milk (daily), 25 had meat, 23 had clothing and 2 families had bedsteads, mattresses and springs.

If any one having fruit or vegetables to spare would kindly send them to the association rooms, Market Building, they would be very much appreciated.

**MANY DONATIONS**  
The association acknowledges with grateful thanks the following donations received in July:  
Cash—The City, Mrs. Solly, Gospel Friend, Mrs. L. Austin, Mrs. P. J. Grim, A. Friend, Outer Wharf Grocery, Mr. J. D. Virtue, Litchfield, Mr. M. B. Wellburn and Kirk Coal Co.

Clothing—Mrs. Rowley, Mrs. Erb, Mrs. Andrew Stewart, St. George's School, Mrs. Stewart-Williams, Mrs. Christie, Mrs. French, Mrs. R. R. Wilson, Mrs. Hunter, Miss Kathleen Hall, Miss Jones, Mrs. A. B. Cotton, Mr. Holroyd, Mrs. Crowther, Mrs. Hartley, Miss Mitchell, Mrs. Spencer, Miss Galt, Mrs. B. G. Howard, Mrs. Davidson, Mrs. Noble and Mrs. Frank Richardson.

Provisions—Mrs. Roberts (cabbages), Restaurant (big bottle of jam), Mrs. Bryce (jam) and Miss A. Renny (jam).

### HOLIDAYING ON VANCOUVER ISLAND

Sir John Asser, Governor of Bermuda, accompanied by Lady Asser, is again spending his annual holiday on Vancouver Island. They are at present at Campbell River, where Sir John is indulging in his favorite sport of fishing for tyees, and will probably visit Comox shortly. Bermuda's governor has a military career that dates back to the time he was aide to the general officer commanding in Egypt in 1892. He won distinction in the Nile expeditions of 1897-9-9 and was adjutant-general of the Egyptian army from 1907 to 1914.

Sir John receives the highest commendation for his work in the World War, during which he was base commandant and G.O.C. in the line of communication area. In addition to the British honors he wears French and Belgian decorations.

### SOCIETY

Mrs. Horace Hamlet is spending a holiday in California.

Mr. and Mrs. Archibald Mitchell, Orchard Avenue, Oak Bay, are spending a few weeks at Shawnigan Lake.

Miss Margaret Watson of Vancouver will be the guest of Mr. and Mrs. Fred Hercher, Patricia Bay.

Mr. and Mrs. R. S. Foster have returned to Victoria after a trip to Eastern Canada and Cleveland, Ohio.

Miss Elise Menkus of Little Rock, Arkansas is visiting her uncle and aunt, Mr. and Mrs. M. Menkus of Princess Avenue.

Miss Mona Rickaby has left by motor for Oakland, Cal., to spend a few weeks with her sister, Mrs. Gerald Clute.

Midshipman Ian T. Bowers, who has been visiting his mother, George Bowers, in Vancouver, has returned to Victoria.

Mr. and Mrs. Y. Thorne and family, Island Road, Oak Bay, are spending the month of August at Qualicum.

Miss Clarice Gray and Miss E. M. Mustard are spending a two-week holiday at Nias Lake, Squamish, B.C.

Mrs. E. Johnson of the Beachcroft Nursing Home is spending a few days at Strathcona Hotel, Shawnigan Lake.

Mrs. Taylor of Portage la Prairie is spending a few weeks in Victoria as the guest of her sister, Mrs. Fred Cameron, Dupplin Road.

Mr. Frank Henry, of Vancouver, accompanied by his small daughter, is spending a few days in Victoria as the guest of friends.

Miss Maureen McConnan, Mr. Ion McConnan and Mr. Murray Cree are spending some time at Shawnigan Lake as the guests of friends.

Mrs. H. R. Sayers of Vancouver came over to Victoria yesterday afternoon to spend a short time here as the guest of friends.

Mrs. A. Rae Green has returned to her home on Victoria Island, Mrs. F. W. Green at Kootenay Lake for the past month.

Mrs. W. Downes and Miss Dorothy Downes, Island Road, Oak Bay, have returned to Victoria from Seattle, where they have been visiting for a few days.

Miss Olive Kilpatrick of Vancouver, who has been spending the last month visiting with friends in Victoria, left on Sunday for her home on the mainland.

Major and Mrs. F. V. Longstaff have returned to their home at Highland Drive after spending the last month at Wapta Camp, Lake O'Hara, in the Rockies.

### RICHEST INDIAN'S WHITE WIFE SUED

U.S. Government Seek to Annul Marriage and Recover \$1,000,000

Los Angeles, Aug. 4.—Mrs. Anna Laura Barnett, wife of Jackson Barnett, said to be the world's richest Indian, yesterday filed a motion in Federal Court here to dismiss the suit brought by the Department of Justice to annul her marriage. The Government also is seeking an accounting of more than \$1,000,000 as the result of her alleged kidnapping of Barnett in Oklahoma several years ago.

In her motion to dismiss the suit Mrs. Barnett contended that the Government was not interested in the merits of the case, but was attempting to attack her character.

Mrs. Barnett alleged Barnett never objected to donating \$550,000 to charity or to turning over an equal amount to her.

### Lake Hill W.I. is Busy Preparing Its Annual Show

There was a good attendance of members at the regular monthly meeting of Lake Hill Women's Institute held on Tuesday in the Community Hall. After the routine business and correspondence had been dealt with, plans for the annual exhibition being held August 25 in the Community Hall, were discussed. Mrs. Macneil, general convenor has appointed conveners to take charge of each class as follows: Vegetables, fruit, flowers, Mrs. Fooks; plain and fancy sewing, Mrs. Scott; Mrs. Carpenter, Mrs. Porter; children's section, Mrs. Moody; industries, Mrs. Service; Mrs. Pierce, tea, Mesdames Akerman, Calvert, Mercer, Harris and Currie; home cooking, Mrs. Mountford and Mrs. Huffman.

Any one desiring prize lists or entry forms may obtain them from the secretary, Mrs. Webster. The secretary will be glad to receive entries at any time and will be at the Community Hall on Tuesday, August 24 from 3 to 8:30 p.m. for the purpose of receiving same.

Royal Oak W.I.—A meeting of the Royal Oak Women's Institute will be held at the home of Mrs. J. Nicholson, East Saanich Road, on Monday, August 9, at 7:30 p.m.

Miss Georgina Herd, 1403 Harrison Street, who has been visiting her sister in Indianapolis, Indiana, for the past five months, returned to the city to-day. Mrs. E. C. George, returned with her and will spend some months on the coast.

Mr. and Mrs. Rudolph de Trafford and their small son will reach Vancouver to-morrow from England on a visit to Mrs. de Trafford's parents, Col. and Mrs. Reginald Chaplin. They will also visit relatives in Victoria.

Prof. and Mrs. A. W. Crawford of Winnipeg, who are coming to Vancouver to attend the authors' convention, will spend some time in Victoria as guests of Mrs. K. P. Creighton, Trutch Street. Prof. Crawford is president of the Winnipeg branch of the Canadian Authors' Association.

Mr. and Mrs. W. D. Pagniez, 148 Thirty-Fifth Avenue, East, Vancouver, announce the engagement of their eldest daughter, Kate (Kitty) to Dr. George Thomas Atkins, eldest son of Mr. and Mrs. J. Atkins. The wedding will take place on August 23 in Victoria.

Captain and Mrs. W. C. Thackray, Work Point Barracks, left to-day for Vancouver en route to Woolwich, England, where Captain Thackray will take a year's gunnery staff course. While en route, Captain and Mrs. Thackray will spend a week in Ottawa as the guests of the captain's parents.

Mr. and Mrs. S. Hauser and Miss Blaker of Helena, Montana, accompanied by their guests, Mr. S. E. Raymer, consul for Yugoslavia, and Mrs. Maymer, called upon Premier Oliver to-day. Mr. Hauser is the son of the late Governor Hauser of Montana, and he expressed to the Premier his great admiration of British Columbia and notably Victoria, to which city he has been a visitor for the last two decades.

Viscount Astor, with his son, Hon. William Waldorf Astor, arrived in the city yesterday from Seattle and immediately proceeded up the island where they will enjoy a few days' fishing as the guests of Lieut.-Col. C. W. Villiers. Lord Astor and his son will later leave via Banff and Lake Louise for Maine, where they will join Lady Astor, who is holidaying there for a month, accompanied by her daughter, Hon. Phyllis Astor, and three younger children.

H. D. Burns of Toronto, assistant general manager of the bank of Nova Scotia, and Mr. F. W. Ross, Western supervisor of the same institution, who are making a tour of the West are at the Empress Hotel. They are accompanied by Mr. N. W. Berkinshaw, manager of the Vancouver branch. Both Mr. Burns and Mr. Ross expressed themselves as being much impressed with the progress made by Victoria since their last visit. They came over via Nanaimo and intended returning to the mainland from Victoria direct.

## MEN-

**Did you "Nugget" your shoes this morning?**

Why not? You shave yourself. Why not polish your own shoes and save the \$20. to \$30. a year which now goes to the shoe shine parlor? Shining your shoes with "Nugget" is quicker and easier than shaving yourself, and you save 15c. every time you do it.

There are 100 shines in a 15c. tin of "Nugget"—many more than in any other ordinary sized tin of shoe polish.

**"NUGGET" Shoe Polish**

Black—Tan—Toney Red—Dark Brown and White

"Nugget" Polishing Outfit—complete for home use—in cardboard box 50c.—in metal box 60c.

## ORMOND'S ARROWROOT

A wholesome, easily digested food for invalids, infants and drapetists. Contains selected grade arrowroot from the island of St. Vincent, B.C. Honey and Government graded butter.

**Dainty and Delightful**

## HELP YOURSELF TO HEALTH

**Takes pep to make that graceful flashing dive**

**POISED** for the plunge! Muscles tensed. Back arched high. Picture of grace and health! Glowing pep in every movement! Radiant, riotous pep!

PEP is a wonder! A ready-to-eat cereal with a marvelous flavor! Fills you with glorious pep! Builds health, stamina, strength!

PEP is packed with nature's own health-bringing elements. Keeps you robust, alert, alive!

PEP is wonderfully fine for everybody. Contains bran—therefore mildly laxative. Helps stop constipation.

PEP is a real food for children. Helps make them regular. Keeps them in romping health. And they love PEP's delicious flavor!

PEP preserves the family pep. Serve it tomorrow. Your grocer has PEP!

**the peppy bran food**

**Kellogg's PEP**

# By Virtue of Merit "NORTH COAST" TEA

is the outstanding leader in Canada.

## PICNICKERS LEAVE FIRES TO FARMERS

Land Owners Talk of Closing  
Approaches to Beaches  
Through Property

### Special to The Times

Metochin, Aug. 4.—Last Sunday a group of picnickers on Witty's Beach left a large camp fire on the grassy flats near the Lagoon, and thoughtlessly returned to the city, leaving the fire still burning. Had it not been for prompt action of a resident, who noticed the fire, a considerable area of pasture and bush adjoining the flats, the property of W. Witty and other property owners, would undoubtedly have been destroyed, with a grave possibility of a dwelling and farm buildings also being consumed by fire.

Farmers in this district are indignant over the inconsiderate attitude of some of the campers and picnickers who visit the beaches during week-ends, and there is serious talk among private property owners of closing the approaches to the beaches. Visitors to these beaches are also asked to close gates after them and to see that fires are absolutely dead before leaving. It is becoming a common thing for farmers to have to go the round on Monday morning repairing fences and closing gates because cattle roaming on the highways finding a gate open wander in and do considerable damage to crops and property. In many cases a considerable amount of refuse is left for the farmer to clean up after his unknown visitors have departed for the parts whence they came.

In view of the serious fires that have done so much damage recently, farmers in self-defence will be obliged to close their property, in many cases the only approach to many of the beaches, against visitors unless more care is taken with regard to camp fires and more respect regarding the rights of property owners shown, land owners allege.

## SOCIAL AND PERSONAL

Mrs. M. Lynch, son and daughter, of Vancouver, are spending their holidays as the guests of Mrs. F. Wyatt, 2535 Poul Bay Road.

Monsignor Peterson of the Catholic Seminary of Boston and Monsignor Fitzgerald of New Jersey, were week-end visitors in Victoria, as guests of Rev. Bishop O'Donnell. Monsignor Peterson was celebrant at the half-past nine mass on Sunday morning in St. Andrew's Cathedral, and preached on the gospel of the day.

## Jugoslavia Consul In Mainland City Is a Visitor Here

Stephen E. Rejmer, consul in Vancouver for the country of Serbia, Croatia and Slovenia, is a visitor in the city today.

Mr. Rejmer in discussing the recent rumors of possible war in the Balkans stated that he had no definite information telling of any serious trouble. However, he stated that the trouble was most likely caused by Roumanian landings, who have been coming along their borders and raiding and pillaging villages, and if necessary the Roumanian troops would follow these bands of raiders right into Bulgaria.

## SEATTLE SHIPPING

Seattle, Aug. 4.—The American Oriental Mail liner City of Spokane, which left here yesterday for the Orient, carried a deckload of logs in addition to her cargo of lumber, canned goods and general cargo stowed in her holds.

The British motorship Loch Katrine, which arrived here today with 300 tons of North European cargo, shifts to-night to Tacoma to load and unload salmon.

In the service of the U.S. Shipping Board's Pacific-Australian Line, the steamer Montague arrived here last night from British Columbia to load board, lumber, canned goods, furniture and box shooks for the Antipodes.

With 1,000 tons of general cargo, the General Steamship Company's vessel Atlantic Maru arrives here today from the Far East.

## Luxton

### Special to The Times

Luxton, Aug. 4.—A special meeting of residents of Luxton and Happy Valley was held in the Luxton Hall on Saturday, July 31, to receive the report of the special committee appointed to draw up a revised set of by-laws in connection with the Luxton Hall. The chair was taken by J. M. Scouler, A. Hankin acting as secretary. The by-laws as submitted by the committee were adopted, and in such cases where a revision was made will rescind previous by-laws.

A dance will be held in the Luxton Hall on Friday, August 6, under the auspices of the Luxton Hall committee in aid of the hall funds. Pitt's orchestra has been engaged to play for dancing and refreshments will be served.

Mrs. J. Pulthorpe and daughter of Vancouver are visiting their cousin, Mrs. Goodsell, at "Raymore," Happy Valley.

Mrs. Maddox of Luxton was a week-end visitor with Mrs. Parmiter in Victoria.

## WILL SHIP GRAIN FROM RUPERT IN THE FALL SEASON

Between Thirty and Forty  
Freighters Will Call There  
to Load Cargoes

Final arrangements have been completed for the actual shipping of grain through the elevator at Prince Rupert this fall by the Canadian Co-operative Wheat Producers Limited, better known as the wheat pool, and thirty or forty freighters will be calling for grain at that port during the fall shipping season, was the information obtained here to-day.

The first boat to call for grain at Rupert in October has been chartered from a Japanese line, and a notice to this effect has been posted in the Merchants' Exchange at Vancouver.

The Empire Shipping Company of Vancouver will be all the chartering for the wheat pool, and Mr. Glen-dinning, the president of the company, is now in the East in this connection. The Pacific Stevedoring Company will be in charge of the stevedoring work for the wheat pool, and the Wolfe-Stevenson Company of Vancouver may assist but this is not definite.

The lining of freighters calling for grain will be undertaken by the Prince Rupert drydock and final arrangements for this work to be carried out here have been completed with H. C. Kelley, Pacific coast manager of the Canadian Government Merchant Marine.

A representative of the Canadian Co-operative Wheat Producers Limited, who will take complete charge of the grain shipments, is now in Prince Rupert.

It was pointed out that every ship calling for grain will give work to a number of rough carpenters, and considerable work will be entailed in the sacking of grain. The number of sacks of grain to a ship varies from 1,000 to 25,000, and these all have to be filled.

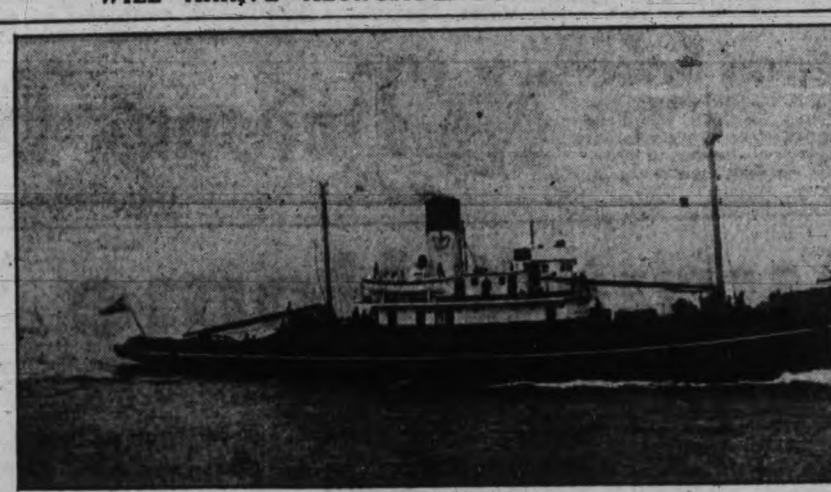

The Yamashita Shipping Company have undertaken to ship bulk grain from Prince Rupert at \$4 per ton to the Orient but, if sacked, the operation of sacking costs something like \$3 per ton and consequently the ships will fill their lower holds with grain and leave the between decks for cargo.

Ships carrying grain from this port to the Orient are, therefore, very keen on securing cargoes comprising salt fish, products, fertilizer and cedar logs, especially the latter. Cedar logs make excellent deck cargo, being light in weight, and not greatly affecting the draught of a vessel. If this district cannot find such cargoes the ships will fill their lower holds with grain and then proceed to the west coast to complete cargo.

It was learned here that shippers, insurance men, underwriters, in fact all business men interested in the grain export business, were watching Prince Rupert keenly and were taking a great interest in the forthcoming movement. Representatives of several large Japanese shipping concerns may be expected to come looking into the export and import possibilities of the port.

Pupils Successful—Miss Irene Os-good, a pupil of Mrs. Helen Bowden Harris, was successful in passing the McGill Conservatory of Music examination with distinction in the elementary grade. As she was leaving Victoria for an extended stay Miss Os-good took her exam a month earlier than usual, and in consequence her name was inadvertently omitted from the list of successes sent out from McGill.

## WILL ARRIVE ALONGSIDE STRICKEN VESSEL TO-DAY

Ss. SALVAGE KING

A. C. Burdick, managing director of the Pacific Salvage Company, stated this morning that he expected the Salvage King to meet the Japanese steamship Yonan Maru some time today. The Yonan is at present being towed by the Yogan Maru. The helpless vessel broke her tailshaft on Saturday.

## YARROWS LTD. TO FINISH WORK ON ST. FAITH SOON

Yarrows Limited, Esquimaux shipbuilders, stated this morning that they expected to complete the renovating of the tug St. Faith, purchased by them from the British Admiralty for the Kingcome Navigation Company, in about five days' time. At the present time the St. Faith is hauled out on the marine railway, undergoing repairs and to-day her tailshaft will be replaced while some minor repairs to her propeller will be carried out.

The Kingcome Navigation Company, who will operate the St. Faith, is a subsidiary company to the Powell River Pulp and Paper Company. Yarrows have converted the St. Faith from a coal burner into an oil burner and following the completion of the repairs the St. Faith will proceed up to Powell River.

The paper company intends to use the St. Faith for towing Davis rafts across the stormy waters of Queen Charlotte Sound from the Queen Charlotte Islands to Powell River.

Tomorrow Yarrows will install the powerful towing winch aboard the towing craft.

## SHIDZUOKA MARU SAILS

Outbound for the Far East the N.Y.K. line steamship Shidzuoka Maru will call here at 4 o'clock this morning on her way out to sea from Seattle. She will remain here for about an hour and a half, during which time a number of passengers will board the ship.

## O.S.K. LINE HEAD WILL ARRIVE HERE ON ARIZONA MARU

S. Uchida, general manager of the Osaka Shosen Steamship Line for North America, will arrive in Victoria aboard the Japanese steamship Arizona Maru of his line, on August 5, it was learned here to-day. Mr. Uchida, accompanied by his wife, departed two months ago aboard the Arizona en route to Japan for a two-months' holiday and also to visit the head office of the O.S.K. Line. Mr. Uchida has his headquarters at Seattle and upon his arrival here he will be met by delegations of O.S.K. Line officials from Seattle and Vancouver.

## Steamer Nortina Goes Ashore on California Coast

San Francisco, Aug. 4.—The Chamber of Commerce reported to-day that the steamer Nortina, which left here for Puget Sound ports yesterday afternoon, was ashore forty-five miles south of Point Reyes, on the California coast. The steamer has eleven feet of water in her forward hold, the report says. The Nortina is owned by the Garland Steamship Corporation.

## 21,303 Seals Were Slain This Year in Pribiloff Islands

Seaward, Alaska, Aug. 4.—Henry O'Malley, commissioner of the United States Bureau of Fisheries, to-day announced in Juneau, Alaska, that 21,303 seals were killed this season in the Pribiloff Islands, 200 miles southwest of the Alaska mainland in the Bering Sea. During the same period last year 19,987 were killed. Ninety-five hundred three-year-olds were reserved for breeding by branding this summer.

## SHEPHERD DOG HAUNTS FERRY IN QUEST OF MASTER

Travels Between Victoria and  
Port Angeles Daily Looking  
For Dead Owner

An appealing story of a dog's faithfulness to his dead master is told by members of the crew of the Puget Sound Navigation Company's steamer Olympic, which operates between Victoria and Port Angeles each day. A beautiful yellow and white shepherd dog walks ashore from the Olympic twice each day at Victoria and Port Angeles looking for his master who will never return.

His owner, a butcher from the Esquimaux municipality, had once made a trip to Port Angeles on the Olympic. This Spring the butcher died. For ordinary humans Loeke is dead, but for his canine friend he lives somewhere. Each day the dog goes ashore to look for him with a faith that never can be dimmed.

Each night the ferry docks here the dog goes to the home of his dead master and sleeps on the doorstep waiting for his call. Just before the Olympic sails for Port Angeles at 10 o'clock in the morning the dog boards her, and daily searches the People's Wharf in Port Angeles for a sign of his master. Canadian Customs Officer Joseph Denout after seeing the dog on a number of occasions one day traced his actions. He found that Loeke had purchased the animal from someone at Lake Crescent, just outside of Port Angeles, so that accounts for the dog connecting the two cities.

Capt. Van Bogaert of the Olympic, telling of the shepherd dog says: "He goes ashore every day, sniffs and looks up at each passer-by, then disappears, droops his head and goes back aboard the ship."

## Crown Prince of Sweden Departing For Orient To-day

San Francisco, Aug. 4.—The N.Y.K. liner Shinyo Maru will leave here to-day for the Orient with 365 passengers, including Crown Prince Gustaf Adolf and Crown Princess Louise of Sweden.

Due to heavy cargo offerings at various ports of call, the Panama Mail liner Venetia, due here to-day from New York, will not arrive until Monday.

## NEWS IN BRIEF

All members of the Arion Club are requested to meet at the vestry of Christ Church Cathedral at 1:45 p.m. Thursday, to attend the funeral of their late conductor, E. Howard Russell.

Rev. R. H. Sawyer of Portland, Oregon, will continue his series of lectures on the "Origin and Destiny of the Anglo-Saxon Race" in the King's Hall, 571 Yates Street, tonight at 8 o'clock. His subject will be "The Jewish Question."

The regular monthly meeting of the Victoria Radio Club will be held in the New Temple, Pandora Avenue, on the evening of Friday, August 6, commencing at 8 o'clock. All members are requested to attend and the public are cordially invited.

All members of the central executive committee of the Victoria Library Association are requested to attend a meeting which will be held at headquarters, Government and Broughton Streets, on Thursday evening, August 5, to commence at 8 o'clock.

H. A. McKeown, chairman of the Railway Road of Canada, accompanied by Mrs. McKeown, were the guests of Mr. and Mrs. R. P. Butchart yesterday at Benvenuto, Tod Inlet, and later in the day visited part of the Saanich Peninsula and Colwood with Mr. and Mrs. Edwin Tomlin.

Donations received by Fred Landsberg, treasurer, Save the Children Fund, during the month of July were as follows: J.O.D.E., \$14.00; Miss Mackinnon, \$14.35; Miss Derke, \$1.00; Miss Davis, \$5.00; Cranleigh House School, \$16.00; Miss Mackinnon, \$125.00; and Miss Saunders, \$1.00. Total, \$171.35.

Fred Landsberg, accompanied by Wm. Davies, visited the Home for Aged Men yesterday and distributed the monthly allowance of \$1 each month, donated by a few generous citizens to the aged men for pocket money. Although the number of inmates has now gone up to forty-five there were sufficient dollars for all, and the elderly recipients were very grateful for the kindly attention.

Dr. J. D. Levine of Chicago will deliver a unique lecture in the New Temple to-night at 8 o'clock. His topic will be "Science's Greatest Discovery—The Human Radio." Dr. Levine claims that the eye reflects bodily conditions and that the human eye is the window of the body as well as the window of the soul. An interesting feature of this meeting will be the demonstration of this science.

## COAL PRODUCTION SHOWS DECLINE IN MINES OF PROVINCE

Lack of Demand and Fuel Oil Competition Hits B.C. Industry, Figures Show

Coal production in British Columbia for the six months ended June 30 showed a decline of 112,759 long tons under the total output in the same period in 1925, according to figures made public here by Hon. William Sloan, Minister of Mines. The aggregate output by all collieries in the Province was 1,662,341 long tons as compared with 1,775,102 tons in 1925. The conditions which in the early months of the year affected production, namely, competition of fuel oil and quietness in demand, continue to be the main factors for the falling off in production.

ISLAND OUTPUT DOWN  
On Vancouver Island a total of 576,032 tons of coal was mined in the six months period compared with 657,287 tons in 1925, a falling off of 81,255 tons. It is to be noted that while other producing provinces show declines in production the Canadian Collieries (Dunsmuir) Limited, exceeded the output in the first six months of 1925 by 8,691 tons. In fact, of all the companies operating in B.C. the Canadian Collieries is the only one to run ahead of last year's output. The shutting down of the Wakaish mine of the Western Fuel Corporation Limited, has curtailed output by that company, which is 32,937 tons behind the 1925 figure. For the six months period the Nicola-Princeton collieries showed a slight increase over 1925, the figures being 79,576 as against 77,216, but in the Crown's New Pass district the aggregate output of the Coal Creek, Michel and Corbin collieries fell off 981 tons, or 2.2 per cent, to 44,514 compared with 45,495 tons in the first half of 1925.

## HEALING SERVICES AT CHRIST CHURCH

The following arrangements for the J. M. Hickson Mission to be held in Christ Church Cathedral next week, were announced this morning: The sick who desire to be ministered to at the healing services on Thursday and Friday mornings of next week must obtain cards from the Rev. T. E. Rowe, who will be present for the purpose of meeting applicants, at the old church schoolroom, 914 Quadra Street, as follows: From 10 to 12 noon and from 3 to 4 o'clock in the afternoon to-morrow (Thursday) and Friday this week, and Monday and Tuesday of next week. At the same time and place, tickets can be obtained on application for admittance to the services to be conducted by Mr. Hickson on Tuesday and Wednesday evening, next, at 8 o'clock. As the evening meetings will largely take the form of preparation for the healing ministrations, it is very desirable that those interested in the best success of the mission will if possible be in attendance at these previous meetings. It is emphasized that admission is for everybody, sick, worshippers and intercessors will be by ticket only, to any of the meetings, and these must be obtained at the time and place above mentioned.

## WINNIPEG ARTISTE IN FINE REGITAL

Edythe McAdam Yates Pleased Big Audience at Fairfield Church

Nominations in Several Divisions For U.S. Senate and State Positions

A programme of exceptional merit was given to a large audience in the Fairfield United Church last evening. The leading artiste was Mrs. Edythe McAdam Yates of Winnipeg, who demonstrated that she is in the front rank of Canadian elocutionists.

Mrs. Yates came to the city quite unknown as an artiste, but she has gained for herself a large circle of enthusiastic admirers. She is gifted with the qualities and gifts which win the hearts of an audience, and has a voice, rich and sweet, which is always under control. Mrs. Yates gave for her first number "The Flower Shop," by Winifred Hawkrig. A perfect knowledge of the philosophy of Maud, the romantic shop girl, was shown by the artiste. The interpretation of Slovsky was equally perfect, and her interpretation of the character being especially well interpreted. Mrs. Yates' dramatic ability was not mechanical nor conventional, but a free and easy expression of the soul and mind of the artiste as she entered into the mind of each character.

Mrs. Yates also read Sir James Barrie's play, "The Old Lady Shows Her Medals." The play, which is nothing but the efforts of Mrs. Yates, and made each character live. Her delineation of the old charwoman was remarkable and her interpretation of the other characters was clever and resourceful. At the close she was the recipient of rounds of applause, and her return will be eagerly anticipated.

A splendid programme of music was also given, including orchestral

## HOTEL LOBBY GOSSIP

### HOW "L.A." HAPPENED

"Retired people who had made money in Eastern United States and Canada, began to move in because they liked the climate. More came and they in turn brought more. The last being laid out and paved and a system is being worked out to supplant level crossings by subways and elevators at main highway intersections."

AND STILL IT GOES ON  
That, in two paragraphs, is the story of Los Angeles, according to W. D. Card, California financier, who is at the Empress Hotel on a holiday. Mr. Card is district manager for Los Angeles and the New York stock exchange firm.

Mr. Card said that the growth of Los Angeles comes in waves. A few years ago, he thought that much of the land being laid out and paved and piped would go back for farm purposes, but now it is covered with residences. He said a couple of years ago he used to take him 40 minutes by motor to get to the beach. Now, so heavy has motor traffic become, that it takes an hour and one-quarter to make the same trip.

WHOLE COAST GROWING FAST  
"Not only is Los Angeles growing," Mr. Card added, "the whole Pacific Coast is growing at a more rapid rate than before. San Francisco, Portland, Seattle, Vancouver—all the cities up and now that I am here I see Victoria is joining the procession and stepping out."

Mr. Card knows all the coast cities

## SAVES NEIGHBOR FROM FIRE WHILE OWN FARM BURNS

Acts of Heroism When Saanich Timber Blazes at Home Doors

While the fire bordering on the old West Saanich Road burned acres of timber land and threatened dwellings of more than one farmer on Monday afternoon and evening, notable acts of heroism were shown. While the red menace sent out scorching fingers to trap the unwary, one instance of which farmers talk is that of a young man, a mere boy, who left his own farm at the risk of life and property to save the more valuable buildings of a neighbor. The neighbor lay in bed helpless from sickness, while the flames crept steadily nearer. The flames were at the very door of the sick man's home. Further over the brow of a hill, the smaller farm was threatened. But the flames were still a short distance from it. The sick man and at the mercy of the flames, should the fire reach his house, waited helplessly while the red tongues licked nearer. COMES TO RESCUE

Suddenly, down the sparsely wooded hill at the side of his farm and through the smoke came a plunging figure. It was a young man who had left a half-finished fire trail around his own little farm to come and aid a neighbor whom he knew was powerless to help himself.

He assisted the sick man to safety and then went back and fought the fire, saving the home and buildings. His own farm, meanwhile, was a crimson bed of flames. By prodigious efforts and with the aid of fire-fighters who arrived later, he eventually beat the fire from his own house and kept a fire trail close about it all the night, while the fire roared through the trees and underbrush not six feet from his door. This was one of those little acts of heroism.

## NOW UNDER CONTROL

The fire which ravaged the thick country east of the Old West Saanich Road on Monday afternoon and night, and which was still blazing dangerously in parts yesterday, was today reported well under control. This afternoon, the Saanich fire ward six road foreman of the Saanich municipality in charge of the fire fighters in the field, and Constable Rankin of the Saanich force, patrolling around the fires area on a motorcycle, have come satisfactory statements regarding the fire's diminishing. Residents in the threatened area have now been able to snatch some scattered hours of sleep. The first time in a long stretch of anxiety.

Where the West Saanich Road joins the old road of the same name, there is a group of farmers' dwellings and small fruit ranches. This was the little settlement that the flames threatened most seriously.

It is estimated that a tract of timber country, approximately three square miles in area, has been burned over and totally destroyed. The loss to farmers, save in the case of a few who lost straw-beds and such like plants, has been small.

## BRITISH INTEND TO CLEAR OFF DEBTS

Chamberlain Says Intention of People Toward United States is Clear

London, Aug. 4.—Sir Austen Chamberlain, Foreign Secretary, today supported "the very temperate and very courteous declaration," recently made in the House of Commons by Right Hon. Winston Churchill, Chancellor of the Exchequer, regarding "the circumstances in which and the purposes for which the British Government borrowed money from the United States Government after the entry of the United States into the war."

Chamberlain made his reference to Churchill's explanation during the debate on the British-United States debt settlement. He joined with Captain W. W. Bean, Liberal, who had initiated the debate, in expressing a hope that the friendship of Great Britain and the United States would not be impaired by an ill-tempered or injudicious public controversy, whether by speeches or writings.

"A statement," he continued, "was attributed, rightly or wrongly, to the Secretary of the United States Treasury, which wholly or largely misrepresented the character of our borrowings and the purposes to which they were applied."

## NO COMPLAINTS

"My right honorable friend, Mr. Churchill, never complained and made it clear he did not complain of the terms of the settlement to which we agreed with the United States. There is not a man in this country, I am confident, who, if he had to decide the question, 'Shall I honor the promise of my country when I am called upon to do so?' would not have replied as Premier Baldwin and his Government of that day did: 'Of course, Britain will honor its word.' The sums owing to us far exceeded the sums due from us and we would have been prepared, and gladly prepared, to wipe the slate clean of our contribution to the great war in which we were all engaged. That solution did not commend itself. We have since then adopted as our policy that from our debtors we will ask only so much as will meet the payments which we have to meet ourselves."

"Be that as it may, no Briton would think it becoming to the dignity of this country to be excused."

## "CANNED HEAT" IS DRUNK IN ONTARIO

Hamilton, Ont., Aug. 4.—"Canned heat" seems to be receiving the preference over other poison liquors in this region since the recent deaths caused by wood alcohol consumption, although it is plainly labelled poison. A score of persons are in custody.

You'll Be Astounded at the Orthophonic

THE new Orthophonic Victrola is a greater instrument than the phonograph or radio. It is infinitely more enjoyable than both combined. Orthophonic music is so true to the original that the reproduction is positively startling. Come to-day and hear it and let us tell you about our trade-in plan for used phonographs.

## GARDENERS TO SHOW AT WILLOWS FAIR

Association Pleased With Success of Recent Exhibition

The Victoria and District Gardeners' Association held their regular monthly meeting at the City Hall last evening. P. R. Leighton, president, in the chair. This being the first meeting since their recent exhibition, a report on this was submitted by the secretary. In spite of the hope that the friendship of Great Britain and the United States would not be impaired by an ill-tempered or injudicious public controversy, whether by speeches or writings. "A statement," he continued, "was attributed, rightly or wrongly, to the Secretary of the United States Treasury, which wholly or largely misrepresented the character of our borrowings and the purposes to which they were applied."

"My right honorable friend, Mr. Churchill, never complained and made it clear he did not complain of the terms of the settlement to which we agreed with the United States. There is not a man in this country, I am confident, who, if he had to decide the question, 'Shall I honor the promise of my country when I am called upon to do so?' would not have replied as Premier Baldwin and his Government of that day did: 'Of course, Britain will honor its word.' The sums owing to us far exceeded the sums due from us and we would have been prepared, and gladly prepared, to wipe the slate clean of our contribution to the great war in which we were all engaged. ## Deplores Suzanne Lenglen's Venture

M. Canet, French Tennis Official Greatly Distressed Over Departure of Net Star From Amateur Ranks; Who Will She Play Against in North America He Asks; Suzanne is Optimistic and Promises Herself a Good Time With Plenty of Money

Paris, Aug. 4.—"I am greatly distressed. It is deplorable that Suzanne should turn professional."

Thus spoke M. Canet, president of the French Tennis Association, in an interview printed in L'Auto to-day, concerning Suzanne Lenglen's coming tour of North America as a professional tennis player.

M. Canet said he could not understand what Mlle. Lenglen was going to do in North America since an amateur could play against her and a match between professionals, in his opinion, would create no interest.

Exactly the same observation was made by Pierre Gillou, captain of the French Davis Cup team.

Pourville, France, Aug. 4 (A.P.).—Suzanne Lenglen, who has stepped down from her throne as queen of the world's amateur tennis players, now intends to make money by exhibitions of her supreme skill as a professional.

"Why not?" she asked a correspondent for the Associated Press, who called to see her in the little cottage where she is staying with her mother on a hill overlooking the English Channel. "Tennis has already become an all-time job and a real business for me. If one wants to stay in the top ranks, one has little time for anything else."

"Now I am going to make some money, to have some fun and to see the world. I have been working for others for fourteen years, and now I am going to work for myself. When I finish my four months tour of America next winter, I hope to make plans for a world tour. I think that you will find a good many other well known players in America and Europe will follow."

"Who do I think will succeed me? Well, I think it is a pretty even bet between Helen Wills and Kitty McKane Godfree."

Suzanne said she had no regrets over deciding to take the money offered by C. C. Pyle and letting her amateur standing go.

"I will have the money," she asserted, "to do what I want to do, where I want to go, and money to pay for it. Besides, I hope to be a good propagandist for France. I don't know just where I am going to play in the United States. I am leaving that all to Mr. Pyle. But he told me I would first appear in New York about October 10, then go to Canada and afterwards across the country to California and Florida for the winter season. I am also going to Mexico City. I look forward to that, as I will get to see some more ball fights. I am sorry I did not get to the Biarritz tournament this summer, so I could see the bull fights there. They are immensely exciting, don't you think?"

Suzanne declared that she had not touched a racquet since Wimbledon, but that she was going into training at St. Moritz, Switzerland, Saturday, for a fortnight. Then she would return to Paris.

"You see," she added, "I must buy a whole lot of new clothes before I go to America."

"It is too bad Papa cannot go along with me. But I am taking Mamma along and my maid and my ukelele. I just started practicing on the ukelele the other day and I'm fascinated by it."

Mlle. Lenglen's enthusiasm over the course she has decided to take is not shared by other French tennis players, who generally criticize her decision.

### KINGSTON ST. TENNIS

Following were the results of the match played between the Kingston Street "B" tennis team and the James Island Tennis Club yesterday:

Mrs. Freeman and Miss Fulton defeated Miss R. Richards and Mrs. Andrew, 6-4, 7-5.

Mrs. Row and Mrs. Gould defeated Mrs. Galloway and Mrs. Giles, 8-6, 6-4.

Miss Hallison and Miss Davies defeated Miss Ford and Miss Pearey, 6-2, 6-3.

Miss R. Richards and Miss Ferguson defeated Miss Hallison and Miss Fulton, 4-6, 6-2, 6-4.

Men's Doubles

Freeman and Imay defeated Holland and Dixon, 6-4, 6-1.

Richdale and Rodger defeated Evans and Stone, 8-6, 2-6, 6-3.

Cox and Galloway defeated Allen and Mead-Robin, 8-0, 8-2.

Miss Fulton and Freeman defeated Miss R. Richards and Holland, 6-4, 7-5.

Mrs. Freeman and Imay defeated Miss Ford and Rodger, 4-6, 6-4, 6-4.

Mr. and Mrs. Galloway defeated Mrs. Row and Dixon, 6-3, 6-1, 6-0.

Mrs. Giles and Evans defeated Mr. Gould and Richards, 3-6, 6-4, 7-5.

Miss Hallison and Cox defeated Miss Ferguson and Mead-Robin, 6-0, 6-4.

Men's Singles

H. A. Imay defeated Richards, 6-4, 7-5.

R. L. Cox defeated Dixon, 6-4, 7-1.

J. D. Galloway defeated Mead-Robin, 4-6, 6-0, 6-2.

"Your husband has fallen in a great many enterprises, I believe?"

"Yes, but he has got hold of something now that will hold water. He has gone into the milk business."

## SOFT-BALL

Heavy hitting was featured in the game between Esquimaux and Hillcrests in the soft ball league last night at Macaulay Point. The Esquimaux won the game, 13-11. No less than four home runs were scored during the game. At the end of the fourth inning the Hillcrests were winning to the score of 13-11, but the sixth saw the Dockers topping a 20-19 score sheet.

The Y.M.C.A. had an easy victory over Bryan's Blue Birds by a score of 27-5.

Lemon Gannan's played a fine game and sent the Navy down to defeat to the final score of 15-7. The Esquimaux who are leading the "B" section had a hard game with the Cameron Lumber Tigers, but managed to win 7-3.

Four Bay was easily defeated by the Esquimaux to the tune of 17-2. The Sons of England defeated Pimley & Ritchie by the overwhelming score of 12-1. The game was in the Sons' control during the whole nine innings. The Sons of England have been playing a good brand of ball lately and it will take a strong team to beat them out of the championship. The Y.M.C.A. "B" team won from the Tillamucks by default.

## Makes Edmonton Tennis Record

Edmonton, Aug. 4.—There was not a great deal of spectacular tennis at the provincial meet, in progress in this city yesterday. The business of eliminating the lesser lights went ahead with favorites generally running true to form.

Dr. Asie, of Edmonton, created a record for the tournament when he won his match with Ray, of Blairmore, after dropping the first set, 6-0; and being down 5-3 in the second. He rallied to win the second set, 7-5, and walked away with the third with ease by 8-2.

## Kaplan Shows Fine Form as Lightweight

New York, Aug. 4 (Associated Press).—Louis "Kid" Kaplan of Meriden, Conn., retired featherweight champion, last night scored an impressive ten-round victory over Tommy Cello of Los Angeles, in his first appearance as a lightweight. Kaplan weighed 134 and Cello 136½.

The contest proved that Kaplan had retained his speed in the new division for he forced the fighting champion to fight on his own terms, after dropping the first set, 6-0; and being down 5-3 in the second. He rallied to win the second set, 7-5, and walked away with the third with ease by 8-2.

## Tilden Decides to Stick to One Line

Philadelphia, Aug. 4.—William T. Tilden has decided that acting on the stage and tennis playing do not mix, said The Philadelphia Evening Bulletin yesterday.

Spurred on by his defeat by Vincent Richards in the Metropolitan championship last Sunday, The Bulletin says, the national champion has virtually made up his mind to abandon all thought of opening his new play in New York until after the national championships at Forest Hills and devote his entire time to an intensive tennis campaign.

## Lightweight Wrestler Comes Back and Wins

Vernon, Cal., Aug. 4.—Walter Miller, former world's lightweight wrestling champion, obtained the third and winning fall in his match with Joe Farrell, Italian title contender at Vernon last night. Each had scored a fall before Miller got the last.

Nill Demetral, Greek grappler, defeated Steve Savage of Chicago in the semi-final, and Joe "Toots" Mondt of Colorado defeated Herman Stroth of German in the first bout.

## FIGHT CANCELLED

St. Paul, Aug. 4.—The Bud-Taylor-Jimmy Mendo heavyweight fight, scheduled yesterday August 3, was cancelled yesterday because of an injury to Taylor's wrist suffered in training.

Cleveland Takes Bad Beating From Boston While New York Goes up One

Athletics Fail Before Detroit; Pittsburgh Slugs Phillies Into Submission

New York, Aug. 4.—Tris Speaker and his Cleveland Indians, ten games behind, but apparently the only team in the American League able to give the New York Yankees a battle, today made a last-stand on their home grounds. The prospect is not bright for Cleveland, for yesterday the Yanks slugged out a victory over the White Sox, 7-6, while Boston downed the Indians twice, 8-7 and 2-0.

Detroit humbled the Athletics 4-3 in a ten-inning game with Simmons' five homers made in the series. Chicago and New York divided a double-header, the first going to the Giants 5-4 and the second to the Cubs, 5-3.

### COAST LEAGUE

San Francisco, Aug. 4.—Earl Kuntz beat out the Mayans 6-0 yesterday, allowing six scattered hits, while his Oakland teammates slugged the ball hard and often to run up a total of thirteen safe blows off Cipe Barfoot. Kuntz and Buzz Arlett were the heavy contributors at the plate for Oakland, each getting three hits out of four.	R. H. E.
Oakland	5 13 0
Missions	0 6 1
Batteries—Kuntz and Baker; Barfoot and M. L. Smith.	

### PORTLAND'S HOMER WINS

Portland, Aug. 4.—San Francisco took the opening game from Portland yesterday, 5-4. The deciding run was a homer by Averil in the tenth, a terrific smudge over the right field wall with no one on the score at the time being tied, 4-4. Jolly and Oliver Mitchell also socked homers for the Seals, and Prothro, of the Beavers, cracked another with one on.

### STARS WIN IN NINTH

Los Angeles, Aug. 4.—The Hollywood Stars pounded Rudy Kallio hard and won the series opener from Sacramento, 6-4, here yesterday. Harry O'Neill held the Senators in check until the ninth inning, when three hits put over two runs and forced him to retire in favor of Mulachy.

### BALDWIN BREAKS TIE

Seattle, Aug. 4.—The Seattle Baseball Club defeated Los Angeles in a twelve-inning series opener here yesterday, 5-4. Ted Baldwin drove in the winning run in the twelfth, and Marty Callaghan went home, breaking a four-all tie.

## MONSTER BICYCLE MEET WILL BE HELD NEXT WEDNESDAY

Bicycle riders of the Province will make their first competitive tests of the Royal Athletic track next Wednesday afternoon, when the first indoor track bicycle meet ever held in this city will take place. Some of the finest riders in the Province and on the coast are expected to compete in what promises, if it goes over big, to be an annual, if not semi-annual event.

Cycle riding has certainly taken a great jump in popularity in the last few years and all over the United States and Canada more and more interest is being displayed in the sport. The meet is being held under the auspices of a number of local cycle dealers, who are making the greatest efforts to put it across properly. It will undoubtedly draw large numbers of supporters in this city.

### VANCOUVER BOY ARRIVES FOR BATTLE

Sparkling young Vancouver lightweight who will display his wares for the benefit of local fight fans at the Arena on Saturday night. Holliday is one of the most promising fighters developed in the lightweight class in Vancouver for some years, and is making a great name for himself among fans of the coast.

He arrived in the city yesterday afternoon with Jack Allen, his manager, and worked out last night at the quarters at the National Athletic Club, Government Street. His style was well liked by a large number of those present.

### CHANGES QUARTERS

Jack Allen has decided to change his training headquarters for the remainder of the week to the Metro-Polis Billiard Parlor, at which hotel Holliday is staying. Fight fans are expected to attend in a large number to watch the boy go through his manoeuvres. This morning, the two inseparable pals were seen at the arena, and a fine relief from the training grind. Harvey is in the best of condition, and will go into the ring on Saturday at the top of his form.

Jimmy Watson, who will be his opponent, arrived yesterday afternoon from Seattle with Emil Hammal his manager. Watson has had a great deal of ring experience, being twenty-three years of age and a regular wild-cat. He looks fine, and should give Holliday a great battle. He will work out to-night at the National Athletic Club rooms; Dave Lewis and Danny Pascoe, who are booked for bouts on Saturday's card will also be seen in action.

### Gene, Optimistic, Starts to Train

Winnipeg, Aug. 4.—Johnny Lang, champion of the world, is optimistic, and has started to train for the fight with Gene Tunney, challenger of Jack Dempsey, who arrived here yesterday, began his training today with light read work.

## Burnside Bowlers Arrange to Build New Quarters Soon

At a largely attended special meeting of the Burnside Lawn Bowling Club it was decided to build a club house, the foundation to be laid at the earliest possible date.

Several sketches were submitted to the meeting showing premises capable of being used for a great variety of purposes.

The building will be erected on the property now owned by the club on Hampton Road. It will be of an artistic design and is estimated to cost \$3,000.

The directors propose to issue debentures to raise the capital required, and to this end are canvassing the district for support for the project.

The building will not only be available for bowling functions in summer time, but will be a centre of social activity during the winter months.

### COLLIES DEFAULT

Vancouver, Aug. 4.—Collingwood could not field a team last night and defaulted to Elks, the Brother Bells thus getting a free pass into the semi-final of the championship of the day, amateur Baseball League. The Collies are due to meet Conservatives in a game to decide the other semi-finalist at Athletic Park to-night.

### VICTORIA CLUB GOLF

The result of ladies' monthly medal competition held at Victoria Golf Club yesterday was as follows: "A" class, Mrs. V. S. Godfrey, gross 59, net 74; "B" class, Mrs. H. P. Johnson, gross 102, net 74.

### HOW TO SWIM

From the side overhand stroke it should be simple to develop the overhand stroke.

In this stroke the left hand goes through the same movements as the right, with the body rolling a little farther to the right when the arm goes over and into the air.

A feature of this stroke is that the hand pushes the water back for the full extent of the stroke and there is a minimum of lost motion.

Care should be taken to avoid too vertical a movement, while the arm is out of the water, the idea being merely to clear the arm up to the shoulder. The rolling motion makes this possible without bringing the arm too high up over the shoulder.

## YORKSHIRE CHAMPS Saffer Third Defeat In Play This Season

London, Aug. 4 (Canadian Press Cable).—For the third time this season the champion county, Yorkshire, was defeated in the cricket encounters which closed yesterday. Lancashire was the victor, 500 for nine wickets, declared against 352 for Yorkshire. Somerset took five points from Gloucester; Middlesex won from Sussex; Hants beat Kent; Essex defeated Worcester; Northampton beat Derbyshire and Derbyshire won from Warwickshire.

### Jack Dempsey Has Plenty of Trouble Trying To Fight

Champ, Subpoenaed in Indianapolis, Races to N.Y. to Sign Tunney Contract.

Clements Declares He Has \$300,000 Bond Ready; Tex Rickard is Confident

New York, Aug. 4.—Jack Dempsey, heavyweight champion, and Jack Kearns, who piloted him to the title, no longer have an agreement, but the first mentioned Jack has other troubles. The famous contract expired yesterday with the champion on his way to New York to sign his own papers for a 15-round fight with Gene Tunney at the Yankee Stadium, September 12. But before there can be a bout in New York between them, the license committee of the state athletic commission must declare them eligible. A ruling is expected next Tuesday. In Indianapolis yesterday Dempsey was served with a subpoena directing him to appear in superior court August 13 to show why he has not been declared eligible from fighting until he goes through a contract he is alleged to have made with the Chicago Coliseum Club.

### MONEY READY

At the same time, R. C. Clements, Chicago promoter, announced that the \$300,000 due the champion tomorrow, under the alleged agreement to meet Harry Wills will be forthcoming in the shape of a cashier's cheque. This is the first instalment of an \$800,000 guarantee, according to Clements, and may be sent to Dempsey by messenger.

Both Dempsey and his new manager, Gene Normie, denied the existence of any contract such as that mentioned in the subpoena served in Indianapolis, and they continued on their way to New York.

## Jack Dempsey Has Plenty of Trouble Trying To Fight

Champ, Subpoenaed in Indianapolis, Races to N.Y. to Sign Tunney Contract.

Clements Declares He Has \$300,000 Bond Ready; Tex Rickard is Confident

This is the first instalment of an \$800,000 guarantee, according to Clements, and may be sent to Dempsey by messenger.

Both Dempsey and his new manager, Gene Normie, denied the existence of any contract such as that mentioned in the subpoena served in Indianapolis, and they continued on their way to New York.

### TEX WAITING

New York, Aug. 4.—With his plans for the Dempsey-Tunney battle temporarily halted to-day by the state athletic commission, pending the issuance of licenses to the principals, Tex Rickard last night awaited the arrival of the champion before making his next move.

Dempsey, speeding eastward from Indianapolis, expected to arrive in New York tomorrow afternoon to carry into the camp of the committee his skirmish for a license to box Tunney on September 12 at the Yankee Stadium.

Rickard plans to meet the champion and arrange for the latter to file his license application so that it may be formally acted upon by the licensing powers at their regular meeting next Tuesday. Tunney's application will be submitted at the same time.

Tunney and Dempsey also are slated to go through the formality of signing final contracts with Rickard for the fight at the end of the week. The promoter's agreement with them are in the form of options on their fighting services for this year.

Rickard's arrangements here meanwhile have been stymied by the commission under the all-important confab of the license authorities. The promoter attended the meeting with the idea of obtaining sanction for his proposal for a scale of ticket prices ranging as high as \$50 for the battle, but he was told no such details could be discussed until after Dempsey and Tunney have obtained their licenses. The present limit on fight tickets here is \$27.50 including the tax.

"I've had the backs of my tickets," declared Rickard. "They have nice pictures of Dempsey and Tunney on them, and say it's for the heavyweight championship of the world. Outside of that I don't know what else I'll have printed on them."

"The only thing I'm sure of is that I'll hold the fight this year somewhere, even if I have to take it out in a desert."

### P.C.F.A. Officials Elected For Year

At the annual meeting of the Pacific Coast Football Association held last Saturday in Vancouver the following were elected officers for the ensuing year: Honorary president, Percy Whaley, Vancouver; honorary vice-presidents, Alderman Fred Hume, New Westminster, and Thomas Graham, Cumberland; president, W. G. Stone, Victoria; council members, P. Wilkinson, New Westminster; C. G. Callin, Ladysmith; W. Lymbert, Victoria. The date of the secretary was deferred until a later date.

### C.P.R. to Hook Up With Spencers

Donaldson and Pollard will provide a mound duel at the Royal Athletic Park to-night when the C.P.R. and Spencers clash in the scheduled Commercial League game. The game will start at 8.30 o'clock with Harold Fetherstone in charge.

Spencers, who went through the first half of the league like wildfire, have not yet found their feet in the second half and unless they win tonight will find their chances of entering the play-off at the end of the season very slim. Donaldson will put his greatest hopes on this game to-night to try and effect the needed victory.

### WOMEN BREAK THREE WORLD RECORDS AT MEET IN ONTARIO

London, Ont., Aug. 4.—Three world records were shattered at the girls' international track and field meet at Queen's Park here yesterday.

Rose Grosse, Toronto, established new marks in the 100 and 220-yard dashes. In the former, she ran the distance in eleven seconds, nipping a fifth of a second off the record she held herself. In the 220-yard dash, Miss Grosse made the distance in 23.1-5 seconds, also taking a fifth of a second off the previous record.

The Canadian Women's Athletic Club track team of Toronto won the international relay championship. This team ran a wonderful race to set a new relay record of 3-5.5.

# THESE WOMEN

By MALCOLM DUART

(Copyrighted)

The names and situations in this story are fictitious.

He found it hard to master his vocal cords. "I couldn't come," he told her, dropping the words into the receiver as if they were heavy weights.

She caught the unusual quality of his tone.

"What's wrong, Harry? Are you sick? Tell me, Harry! Is something terrible the matter?"

He nodded, as if she could see the gesture over the wire. "Audrey—she's very ill."

There was a gasp of sympathy. "What is it, Harry? Can I do anything?"

He waited a moment, before he answered. "None of us is feeling any better. She's—she's unconscious."

"Oh-h-h!" There was infinite sympathy and concern in her tone. "Oh, Harry, I'm so sorry! And you, dear! I can tell by your voice that you are utterly exhausted. Can't I send you something? Can't I come and help nurse her?"

Again he shook his head. "She has nurses, and a specialist. They don't know whether she ever will be well again."

The receiver dropped from his hand, and he arose and went away. The butler replaced the rubber earpiece on its hook.

Morton was unable to eat, and trailing his robe after him, went up to Audrey's room. His eyes were dry and hot, and he found difficulty in focusing them upon her face. The nurse glanced at him, and going to a little stand in the corner, took two round white discs from a glass tube. She dropped them into a glass of water, where they flizzed vigorously. Morton was standing beside Audrey, looking at the pale, white face, and the tumbled yellow hair.

"Drink this," commanded the nurse.

Obediently Morton took the glass, and drained it.

"The doctor says that in five minutes after you take that, you must go back to bed again, and stay there until morning."

He did not reply, but lifting Audrey's hand, caressed her forearm. Her hand and wrist were limp in his grasp. Carefully he placed her arm beneath the cover, and going to his chair, sat down, bowing his head upon his arm. The nurse let him remain there a few minutes, and then, taking him by the arm, led him to his own room.

"Go to bed now," she said firmly. Leaving, she shut the door.

He dropped the robe from his shoulders, and without removing his slippers, threw himself upon the bed, face downward.

Once or twice he turned, but his legs no longer twitched.

It was broad daylight when there came a tap upon his door, and he stirred.

He sat up, and looked vacantly about him for a moment.

Then he sprang to his feet, and ran to the door. Throwing it open, he found the man servant waiting outside.

"The nurse told me to tell you that Miss Audrey is calling for you," the butler said.

Morton thrust him to one side, and ran down the hall. He burst into Audrey's room, and threw himself on the floor beside her bed. "What is it, Audrey dear! Tell me!"

She did not stir. His eyelids were swollen now, so that he had difficulty in raising them to the nurse's face.

"What she said," she asked for the first time.

"The girl nodded. 'The doctor said I was to let you know.'"

He put his arm under Audrey's head, and lifted it. It rolled inertly. Softly he restored it to the pillow.

He rose to his feet, and turned. Someone was standing behind him. He pressed his hands upon his temples, to help him focus his gaze.

Then he saw it was Nona. She reached out her hand, and laid it on his forehead. "Dear Harry," she said.

At this moment there came a sound from the bed. He whirled, as Audrey's hand lifted itself, and fell back upon the cover.

Audrey's lips were moving. "Daddy—daddy—I want to tell you—"

## BEDTIME STORY

### Uncle Wiggily's Funny Buttons

Copyright, 1926, by McClure Newspaper Syndicate.

By HOWARD R. GARIS

Very hot it was in woodland, near the Orange Ice Mountains, where Uncle Wiggily had built his hollow stump bungalow. The rabbit gentleman sat looking off toward the high hills and wishing he was there to get some of the cool breezes from the ice which he knew was on the top of the peaks.

He even spoke to his wife, and Nurse Jane Fussy Wuzzey, about hopping to the mountains to get cool, but Nurse Jane said:

"We would get very warm going."

Her eyes closed for a moment. When they reopened, she was in Morton's arms, with her head resting in the hollow of his elbow.

"The doctor says you won't die, darling," he said in her ear. "You are going to get well! Don't worry about anything, dearest!"

She moved her head, negatively. "I was only—worrying about you."

She sighed, and her head settled heavily upon Morton's arm. He lowered her to the pillow, and she went on with her slumber as if there had been no interruption of it.

He turned to Nona, his arms stiffly extended and his palms turned outward. "Nona, this is killing me!"

She put her arm around his neck, unheeding the white-rapped nurse who watched them, and pressed her handkerchief against his swollen eyes.

"Come down stairs with me, Harry," she told him.

Leading him by the arm, she took him out of the door, and down to the drawing-room. Get his dressing-gown will you," she asked the butler.

"He probably left it in his room when he went to see Miss Morton."

The servant returned presently with the heavy silk garment, and Nona helped Morton to don it. When it was on, she folded it over his knees, and gently placed his head against the padded back of the chair.

"The doctor said I did it—that it was all my fault," he told her, his eyes looking off into a dark corner of the room.

She smoothed his forehead. "I don't know just what he meant, Harry," she said, "but I know this—"

"Yes, it's pretty warm," grunted Neddie.

and though we might be cool while there, we would get very hot coming back, so we would be worse off than we are."

"I think so, too," said Mrs. Longears. "If you are too warm, Wiggily, my dear, why don't you sit down in the cellar?"

"I think I shall," answered the rabbit gentleman, and he was just moving around to keep in the shade, even while going down into the cooler cellar, when along came shuffling Neddie and Beckie Stubbitt, the two bear children.

"Oh, you poor things!" exclaimed Nurse Jane. "aren't you almost roasted in your fur suits?"

"Yes, it is pretty warm," grunted

Neddie, his black tongue hanging out of his mouth as a dog's does on a hot day.

"But we're soon going to be cool, so we don't mind it," added Beckie. "And you're all going to be cool, too," she said to Uncle Wiggily, Nurse Jane and Mrs. Longears.

"How come I'm going to be cool?" asked Uncle Wiggily. "Is it going to snow?"

"Not until nearer Christmas," laughed Neddie. "But Mr. Whitewash has a polar bear, sent my sister and me to invite you all to his cave for a little party. We are going to sit on cakes of ice and drink lemonade and we'll be cool."

"Oh, that will be lovely!" sighed Nurse Jane.

"We can't get there any too soon to suit me," said Uncle Wiggily, and soon the three, with Neddie and Beckie, were on their way to the polar bear's cave. All the forty-seven little bunny rabbit children had gone on a picnic in the woods, so they were cool enough.

Mr. Whitewash always kept cakes of ice in his cave, even on the hottest day in Summer, and now his home was a most delightful place, as Uncle Wiggily and his friends found when they arrived. Uncle Butter and Aunt Lettie, the goats, were there, as were also Mr. and Mrs. Stubbitt, the bears, together with many other lady and gentlemen animals.

Sitting on a cake of ice and drink-

ing lemonade, Uncle Wiggily soon forgot the very hot day, and the party was a very jolly one, especially when Uncle Butter got up and told a funny story about a hen lady who sat on a white china door knob in mistake for an egg and hatched out a cute little bungalow window.

All of a sudden, after hearing this story, Uncle Wiggily began to laugh. Oh, how it chuckled, giggled, roared, guffed and snickered, all being different forms of glee or merriment.

And then, all of a sudden, Uncle Wiggily gave such a loud roar of laughter at the funny story, that he burst all the buttons off his coat. All over flew the bunny gentleman's

buttons, into dark corners of the cave, and his wife exclaimed:

"Wiggily! As, indeed, she might, for it is not polite to appear at a party with all the buttons off one's coat."

"I couldn't help it, my dear," said Mr. Longears. "I'll get some other buttons from Mr. Whitewash and you can sew them on my coat and I'll be proper." For it was impossible to find the buttons Uncle Wiggily had lost. But now there was more trouble.

The polar bear gentleman, being a bachelor, had no buttons in his cave, except one collar button, and that wouldn't do. It looked as if Uncle Wiggily, to be polite, would have to

leave the party, but all of a sudden, Nurse Jane said:

"Why not make some buttons of pieces of icicles?"

"Why, indeed?" asked Uncle Wiggily. So, with his sharp claws, Mr. Whitewash sawed off round disks from a big icicle. He pierced holes in these round disks, which were like buttons, and then Nurse Jane, who always had a needle and thread with her, sewed the funny icicle buttons on Uncle Wiggily's coat and he was respectable again.

Then the jolly party went on. And though the ice buttons melted when the rabbit gentleman came out of the cold cave what did that matter, I ask you? And I answer—it mattered not.

So it all happened for the best, and if the rubber boot doesn't step on the umbrella and crack one of its ribs I'll tell you next about Uncle Wiggily and the honeysuckle.

A woman was buying a hat, and when the transaction was over she asked the assistant:

"What do you charge for cleaning feathers?"

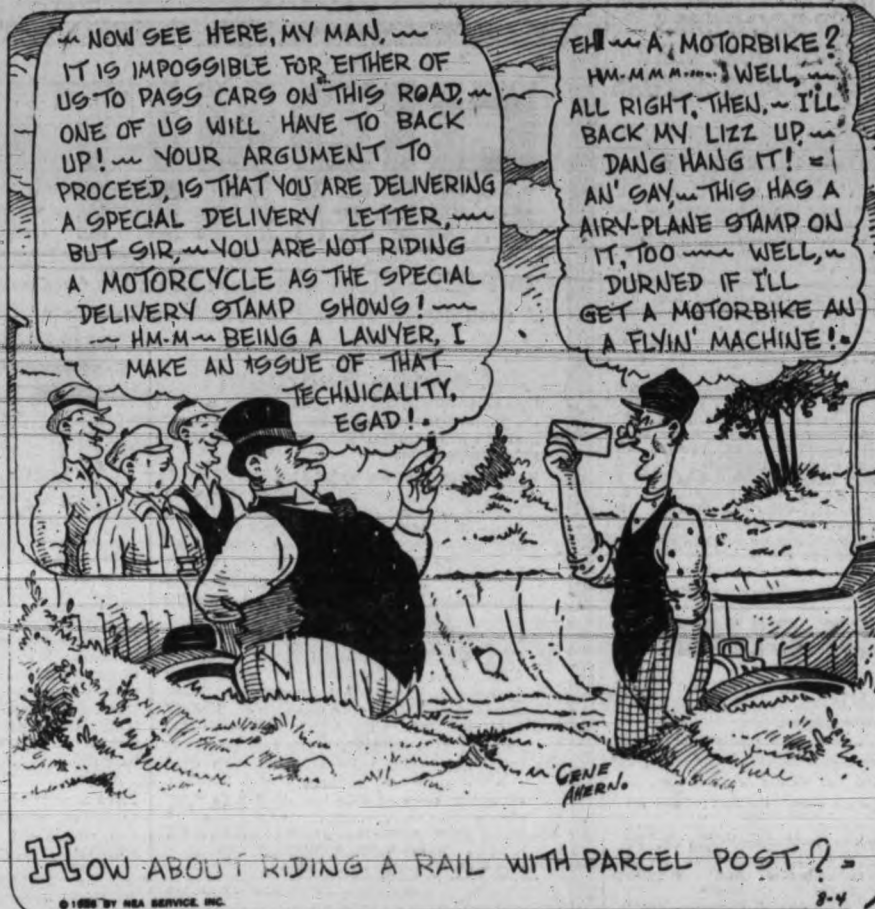

"Sixpence each, madam," was the reply.

"Oh, I could never pay that price," gasped the customer.

"How many have you, madam? If you have a sufficient number, we might make a reduction in the price."

"Why, I've two beds full."

## TWO-DAY

### Last Minute News on Stocks and Financial Affairs

New York, Aug. 4. (By R. P. Clark & Co.)—Another day of heavy dealing, with prices in some instances in new high ground in the early trading, followed by a sharp reaction the nature of which was not clearly defined until the closing hour, the market declined to the low levels of the day with some of the industrial shares showing fair sized declines from last night's close.

The utterances of a prominent local banker of a few days ago, in which he was credited with intimating that General Motors stock would sell substantially higher, were denied to-day and this had a tendency to depress somewhat the extraneous price of the stock. The immediate future, irrespective of the foregoing the pace had been too fast in many of the high priced industrial and to-day's reaction seems to be a natural one, and which should be viewed as a strengthening of the technical position of the market.

The news of the day, if anything, was of the same tenor as has been the case recently. The extension of the reactionary tendency would not be an unnatural development at this time.

New York, Aug. 4. (By R. P. Clark & Co.)—The direct Wall Street view of the stock market this afternoon says: Any scepticism regarding Thomas Corcoran's optimism about General Motors was dissipated to-day when he said wireless from mid-ocean to J. P. Morgan & Co. confirming the interview given to Jones before sailing. This afternoon's news gave fresh impetus to the demand for the stock which maintained great activity around the best levels of the movement.

Urgent demand was also in evidence for other high priced industrial, imparting a buoyant tone to the whole market. Sharp advance occurred in Baldwin, General Railway Signal, Westinghouse Airbrake, Int'l Harvester, Case Threshing Machine and American Smelting. In large General Motors holdings gave particular momentum to the upswing in DuPont which pushed through 300, thereby substantially extending the levels previously attained by the stock. With issues of this class moving aggressively ahead, no opposition was given reactionary tendencies to develop and the general list was in a confident mood throughout the afternoon.

Favorable views on the outlook of the iron and steel industry were again expressed by the weekly surveys, July bookings, it appears, were even better than had been estimated, and the trade looked for a continuance of the high rate of mill operations throughout August.

While the General consumers have not rushed into the market in any particular district, they have widened somewhat the unusually narrow margin of stocks carried earlier in the year, says Iron-Age. At that time, predictions of business recession and lower markets dictated the policy of the producers. Since mid-June the former stand of the mills on finished steel prices appears to have cut a large figure in demand, as industrial recession failed to develop. It is in the light of this character of steel producers' look upon their July bookings which for some of them, made the month the best July in their history.

July pig iron output has risen to an unusual rate for the season, being only slightly under the June total. There were 216 blast furnaces on August 1, representing a large percentage of the country's capacity. Quick reaction in General Motors, Steel and other industrial leaders were prevented from having a harmful effect on the market as a whole by broadening tendency which the trade displayed toward the end of the first hour. Commission houses were crowded with customers at the close, recent substantial advances and buying orders also poured in from various parts of the country in heavy volume.

As a result of activity developed in many departments, and buoyancy was maintained throughout the list. Merchandise issues were stimulated by optimistic reports regarding conditions in wholesale and retail lines. Montgomery Ward, whose July sales showed a gain over the corresponding period last year for the fifty-fourth consecutive month, reported 24 to 25, while Woolworth gained 15 to 17.

Copper shares were strengthened by the better buying of the metal. General Gas and Electric was a feature of the public utilities, maintaining the best levels of the current movement at 44. Recent substantial appreciation in the price of this stock has reflected steady gains in the company's earnings. General Gas and Electric, the corporation in the Northeast. The corporation has a total population of over 2,000,000. It is one of the largest power systems in the Northeast. The corporation has a controlling gas company with about 3,000,000 cubic.

House Agent—"Of course, you have no children?"  
Prospective Tenant—"No."

"Dogs or cats?"  
"No."

"Piano or gramophone?"  
"No. I have a fountain pen that squeaks, but I promise to get rid of it."

"A woman is at the bottom of everything," moaned the farmer, as he pulled his wife out of the well.

## WINNIPEG GRAIN

Winnipeg, Aug. 4.—The market displayed a much steeper tone here to-day. Only a fair amount of export business was seen in the late trading when the high points were reached. Prices worked from 1/2 to 1 cent higher. October closed at 143 1/2; Dec. 141 1/2 and May at 146 1/2.

Oats and barley were steady. Rye followed the trend of wheat and was about 1/2 cent higher. Flax was 1/2 cent lower. There was a better demand for cash wheat to-day, although the volume was not large.

**WINNIPEG GRAIN**  
Winnipeg, Aug. 4. (By R. P. Clark & Co.)—Wheat. Prices fell away from one cent from early high marks. On this dip offerings dried up and the market acted overboard, and buying appeared in October and December which was credited to export business and prices reacted and reached higher levels for the day but the fall buyers were difficult to hold, and final figures were about midway between the low and the high. October closing unchanged and December 1/2 and May 1/2 higher. Export business was undoubtedly improved to-day, total sales being estimated around 400,000 bushels and largely Manitoba. There was a better demand for cash wheat particularly the contract grades exporters, shipping men and mills doing business in the west. The contract was 1/2 cent better during the day, improving later. No. 1 northern closing 2 cents up. The leading company's price for No. 1 northern was 146 1/2. The Canadian West is now mostly fast with moderate temperatures, with a few scattered showers in the West and a few showers in the East. Trade in Manitoba. The weather is now generally favorable for harvest with wheat cutting started and will be general in another week. The Canadian crop may not be quite as large as last year but the market will be so on under considerable hedging pressure while the pools are also showing willingness to sell a certain amount every day and we believe it will be difficult to force prices higher. We favor sales on bulge. Trade in Coarse Grains: These markets were weak to-day, all closing at the being 1/2 lower, barley 1/2 to 1 cent lower and rye 1/2 down. Trade light with demand very moderate. Flax: Inclined to work lower with only a very light trade passing. Final figures to-day 1/2 to 1 cent lower.

**WINNIPEG GRAIN**  
Winnipeg, Aug. 4. (By R. P. Clark & Co.)—The forecasted weather for the week in a few isolated districts, the weather, however, is much more seasonable and reports from crop experts in Canada and West indicate crops doing generally well. There were reports of small export business worked overnight and a better inquiry for each grain from the seaboard with premiums one cent to two cents better than yesterday's closing prices. Sentiment is inclined to be slightly bearish, the trade drawing attention to the fact due to present outlook of very early start in the West. Wheat will come directly in competition with the American offerings. Weakness in corn which was attributed to fairly general trade through the corn belt carried its weakness to coarse grains and barley being fractionally lower. Through the season trade was more or less dull, being confined mostly to spreading operations. At the opening there was a fair amount of the business of the week going into the hands of local and professional accounts. Believe barring any adverse weather market should sell lower.

## Stocks and Kisson Feature in Tennis on Esquimalt Courts

E. Stocks and Kisson played the feature match in the Esquimalt tennis tournament, the former finally winning 6-4, 6-4. Kisson is only a youngster and certainly made a fine showing, being defeated only by the superior steadiness of his more experienced opponent.

Another match in which some excellent play was seen was that between A. Rumsby and W. Peden.

32. Yellow Hawaiian bird.

## A Puzzle a Day

One of the few forms of recreation Lillian Cannon allows herself during her rigorous training for the channel swim, is her own special form of beach golf.

The game is played in this fashion. Eight golf balls are placed in a square of sand, in the position shown. These balls are connected by one continuous line. This line, known as the course, the balls must follow and is made up of six straight strokes.

Miss Cannon has heard it is possible to join all the balls with a shorter line composed of fewer straight strokes.

Can you draw for her the shortest line composed of the fewest straight strokes?

## LAST PUZZLE ANSWER

Officer Lacey got the hunch that he was on Charles Foster's trail at 10 o'clock at night. For one-half of 10 hours—5 hours; one-fourth of 10 hours—2 1/2 hours; one-fifth of 10 hours—2 hours. Adding 5 hours 4 1/2 hours + 2 hours you get 9 1/2 hours, or half past nine, one-half hour less than 10 o'clock; the time struck by the church clock.

Girl (to phlegmatic lover): "You've got a 'ard 'eart, George!" George (a taxi driver): "No, I ain't Maud. That's my number plate you've got your 'ead against!"

## Aged Women Were Entertained at Lovely Gardens

The committee of management of the Aged and Infirm Women's Home met at their monthly meeting on Tuesday afternoon with nine members present and the president, Mrs. Clay, in the chair.

The visiting committee for August is Mrs. Whittier, convenor, with Mrs. Vincent and Miss O'Brien.

## Elks Are Winners Over Armadale Club

On Sunday the Armadale Tennis Club visited the Elks at their quarters at the Gorge in the second of a series of friendly tennis matches. The first was played at Armadale and resulted in a win for that club. The second, played Sunday, was won by the home team, 23 sets to 10; the hard clay courts being too much for the visitors, who are used to playing on grass. The men's doubles were played early in the morning, the best of three sets; the ladies' and mixed doubles were played in the afternoon and consisted of two sets only. The following are the complete individual scores in each instance, Armadale being named first:

**Ladies' Doubles.**  
Mrs. Nicholson and Miss Madden lost to Mrs. Thomas and Miss Thomas, 6-0, 6-0.

Mrs. Hutchinson and Miss Hopkins lost to Miss B. Harris and Miss K. Harris, 6-3, 6-1.

Mrs. Fisher and Miss Bolster lost to Miss Green and Miss Huddleston, 6-5, 6-0.

Mrs. Steenson and Miss Hopkins won from Miss Lauriston and Miss K. Harris, 6-2, 6-1.

**Men's Doubles**  
Hutchinson and McLean lost to Stock and A. Rumsby, 6-4, 6-4.

Greaves and Thidesley lost to Peden and Farnell, 4-5, 6-2.

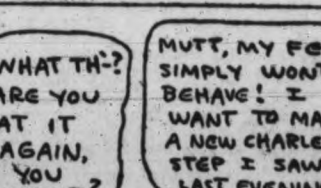

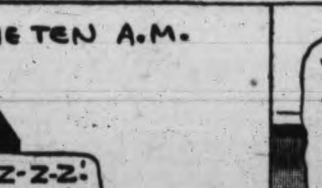

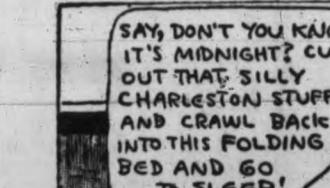

Perrins and Richardson won from White and H. Turner, 6-2, 6-2.

Ware and Fisher lost to Clarke and Thomas, 6-2, 6-1.

**Mixed Doubles**  
Miss Madden and Greaves lost to

## ELKS OF CANADA ASSEMBLING FOR BIG CONVENTION

Annual Sessions of Order Commence To-day in Vancouver

Yesterday afternoon the first of the many Victorian Elks, bound for the great convention of their Order in Vancouver, which starts to-day, left this city to prepare for the sessions of the body scheduled to conclude on Saturday. They are to be followed by further delegates who leave the city this afternoon and there was an additional contingent on the midnight boat to Vancouver from this port as well, last night. Still more will go on Thursday.

The convention promises to be one of the biggest and most successful in the annals of the organization, with a programme before it which will keep all the delegates busy and interested.

Mayor Louis D. Taylor of Vancouver will present to the visiting Elks the key of the city at the opening convention session.

An outstanding event in connection with the gathering will be the Children's Flag Day, to be staged at Hastings Park. Over 30,000 children are expected to attend this great function and the Elks of Greater Vancouver have been at pains to make their preparations for the event flawless, to ensure smooth-working details. A wonderful programme has been arranged for this occasion, which includes the first hearing in British Columbia of the massed band, recruited from the Elk Lodges of all Alberta, which number 31, and several selections by the world famous Band of the Coldstream Guards, after which every nation seeks to model its military musicians.

## CITY BUILDER TO TALK IN VICTORIA

Man Who Made Culver City Will Give Address to Local Business Men

Founder and builder of Culver City, California, and one of the greatest living authorities on real estate problems to-day, Harry H. Culver will address local business men at a luncheon meeting planned in his honor on Friday in the Chamber of Commerce, according to an announcement made yesterday. His message to the members of the Chamber of Commerce and the Victoria Real Estate Board.

Mr. Culver is travelling over the Pacific Northwest together with his wife and daughter, and according to arrangements will speak on "Citizens' Responsibility as It Relates to the Development of Pacific Coast Cities."

Mr. Culver is one of the most romantic figures of the old West. He started life without the advantages to be derived from wealth and worked his way through school. By his own exertions only he became prominent as a city builder. Twelve years ago he launched Culver City with a debt of \$166,000 hanging over him. But in the last few years his debts have vanished and millions have poured into his hands in their place, for Culver City grew and prospered. Today it is in many ways a model city.

Mr. Culver is vice-president of the National Association of Real Estate Boards and president of the California Real Estate Association.

A few days ago Mr. Culver spoke in Seattle, "this" was the subject in part: "Broadcast your industrial advantages, support your local industries, start new ones, go after others. Capitalize your marvelous chances."

The luncheon at which Mr. Culver is expected to speak will be served at 12:10 o'clock Friday afternoon.

## CLUBMEN TO VISIT BAMBERTON WORKS

Are Guests of Management For Tour of Inspection To-morrow

At 1 o'clock to-morrow afternoon, members of the Victoria Rotary Club will leave their luncheon meeting at the Empress Hotel for Bamerton to see the great plant of the B.C. Cement Company, where they have been invited as guests of the management. They go by automobile to the plant, where they embark on a company tugboat and steam across the beautiful Saanich Arm to the tall smoke stacks of one of Vancouver Island's major industrial plants.

During the day, up on the side hill where the company cuts its rock, tremendous blasts shatter the mountains. The Rotarians will see all these things and the intricate workings of the interior plant, where they will have operations explained to them.

The clubmen embark from the smaller plant of the B.C. Cement Works at southernmost end of Tod Inlet, adjoining the property of R. P. Butchart, at Benvenuto.

A bored woman from London was walking in a friend's garden. Feeling she ought to say something, she remarked: "Those bluebells look just like hollyhocks."

"That's probably because they are wallflowers," answered her friend.

## BRITANNIA POST SECURE PENSIONS

General Meetings Hear of Successful Efforts For Members

The general meeting of the Britannia Post (formerly the G.W.V.A.) last night expressed cordial approval of the work done in obtaining adjustment of several pension cases reported to the meeting.

The first case reported was that of an ex-Imperial who has just received notification of the Ministry of Pensions, London, granting retroactive pension from within a brief time from the date that the S.C.R. cancelled the pension entirely.

The member expressed his appreciation of the work of the post on his behalf. It was found it had been necessary to communicate with the Lord Chancellor of England, the High Commissioner of Canada and the Agent-General for B.C. before favorable consideration was finally obtained. Thanks were expressed to Hon. F. A. Pauline, Agent-General for B.C. in London, for the help he had given on any occasion.

A case was reported in which a member had obtained a special medical board and then observation for a certain period at Shaughnessy Hospital, which resulted in his receiving an increase of pension and six months' retroactive at the higher rate. This comrade stated he was certain results would not have been obtained had it not been for the backing given him by the Britannia Post.

A further case was reported of an ex-Royal Air Force officer, who was a prisoner of war in Germany for some two or three years, whereby he had received retroactive pension from the Ministry of Pensions, London. This comrade stated he had practically given up the matter as hopeless when it was taken in hand by this branch.

The secretary, Norman Saunders, reported that it appeared a certain amount of good resulted in these cases being reported, as for each and every case settled two new ones appeared to be brought into the office.

## HEALTH LECTURES INTEREST CROWDS

"Watch Your Step at Meal-time" Says Dr. J. C. Elliott

Crowds are finding intense interest in the Health Lectures by Dr. J. C. Elliott, at the Metropolitan United Church, Pandora and Quadra Streets. The regular midweek service will be held at 7:45 to-night and will be followed by the health lecture on "Why Foods Cause Disease and Death." The subject Thursday at 2:30 is "Shattered Nerves and Their Restoration," and at 7:45 is "Why Millions Die Under Forty, and Cause and Prevention of Rheumatism."

"Eat as you live," said the lecturer yesterday in speaking on a "Balanced Nation and What Shall We Eat for Health."

"Health is your largest asset in life, disease your greatest liability. What you eat determines the state of your health or disease in your body."

"Many people think diet and starvation are the same thing. Eating for health does not mean starvation. You may have plenty to eat, only be careful what you eat. Select your food with judgment and common sense, as you select your clothes."

## Pender Island

Special to The Times  
Pender Island, Aug. 4.—Misses Margaret and Jean Brackett arrived home on Saturday. Miss Jean Brackett is now on vacation.

Mrs. W. Wilson and children of Victoria are holidaying on the Island.

Mr. and Mrs. M. McKee returned to their home in Victoria after spending a pleasant holiday at Otter Bay.

Masters James and John Kindian and their sister, Rachel, are leaving for Vancouver this week.

Mrs. Rose Robinson left for Vancouver on Friday after spending a few weeks with her sister, Mrs. H. Bowserman.

Rev. J. K. Unsworth spent a few days in Victoria last week.

A very pleasing affair was held last Saturday evening when Mr. and Mrs. Joseph Simpson entertained a number of their friends at an informal dance.

Rev. Henry Knox and Mrs. Knox of Emmanuel Baptist Church, Victoria, are holidaying at Otter Bay again this summer.

Miss Grace Smith is the guest of her brother and sister-in-law, Mr. and Mrs. Fred Smith, at Welcome Bay.

A dance was given by Mrs. and Miss Hammond and Grosvenor Logan in the Port Washington Hall last Wednesday evening. A very enjoyable time was spent and delicious refreshments were served.

Misses Grant, Thomas and Boyd of Vancouver are camping at Welcome Bay.

The Women's Guild of St. Peter's Anglican Church, Port Washington, held another successful garden fête on Friday last. The many attractions were well patronized and thoroughly enjoyed by those who attended. A number of people came from Mayne Island and added to the gaiety of the affair. A considerable sum was realized for the work of the guild and Memorial Hall.

**TWO AVIATORS KILLED**

Mexico City, Aug. 4.—Two army aviators, Roque Campos and Rodolfo Brito, were killed yesterday when their aeroplanes collided at an altitude of 5,000 feet during army aerial manoeuvres at the aviation field near Mexico City.

# STEWART

The Shoe Man 1321 Douglas St.
